FARMER BOY

Pig Saver Farrowing Crate

Pig-Saver Flip Rail Bar does just that! It saves little pigs by reducing the chance of sows laying on their baby pigs; therefore, increasing profits.

- Solid bar design for durability
- Flip rail reduces mortality rate
- Easy access to the sow from the rear and side
- Attaches to galvanized, stainless steel, or PVC creep panels
- Silver paint as well as optional galvanizing gives a brighter room
- Assembles quickly with few parts

Flooring Options:

- Tri-Bar Farrowing Flooring
- Cast Iron/Plastic Combination
- Woven Steel Wire Flooring
- Plastic Coated Steel Flooring
- Plastic Flooring

Optional Adjustable Side

Stainless Steel Sow Feeder with the PVC Ad Lib Feeder is an excellent choice for giving your sows fresh feed 24 hours per day. Ideal for connecting to your automated feeding system.
