2.2 Winch Card

When ordering a winch card, please note that a Rotem One Winch Card set (10 relays) consists of the following:

- One Winch Relay Card (five relays)
- One Switch Card
- One Normally Open Winch Card (five relays)
 - The Winch Relay Card is always installed on the right side.
 - The Normally Open Winch Card is always installed on the left side.

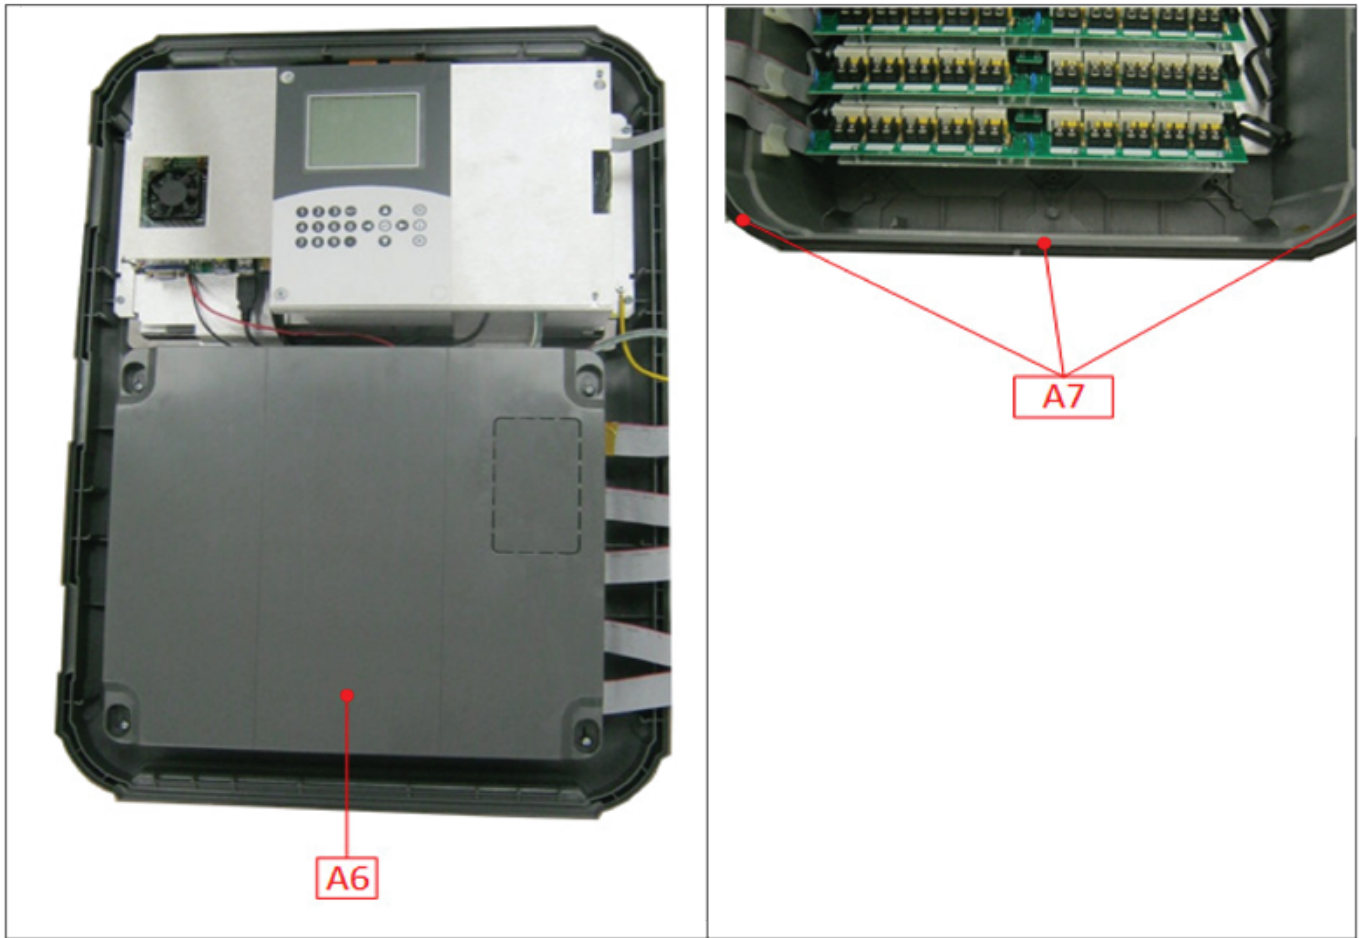

A Winch Relay Card can only be installed on the controller right side. The corresponding left side card must be a Normally Open Winch Card. If there is a Normally Open Winch Card in place, the Winch Relay Card can be ordered alone. If there is no Normally Open Winch Card in place, you must order a set. For complete details, refer to the Platinum Pro/Rotem One Installation manual.

Card	Description	Munters Ordering Number
 A green printed circuit board (PCB) with a large green terminal block on the left side. It features several integrated circuits, resistors, and a black cylindrical component on the right. The PCB is populated with various electronic components.	R-P3-RDIC12: PRO DIGITAL INPUT CARD	900-99- 00099 DPN:784RDICPRO
 A green PCB with a green terminal block on the left. It has several blue potentiometers or trimmers along the top edge. The board is populated with various electronic components, including integrated circuits and resistors.	R-P3-RAIC12: PRO ANALOG INPUT CARD	900-99- 00109 DPN:784ANOUPRO
 A green PCB with a green terminal block on the left. It features a large black cylindrical component on the right. The board is populated with various electronic components, including integrated circuits and resistors.	R-P3-RAOC10: PRO ANALOG OUTPUT CARD	900-99- 00110 DPN:784ANACPRO
 A green PCB with a green terminal block on the left. It features a large black cylindrical component on the right. The board is populated with various electronic components, including integrated circuits and resistors.	R-P3-RSC-2: PRO & ROTEM 1 SCALE CARD 2CH	900-99- 00267
 A green PCB with a green terminal block on the left. It features a large black cylindrical component on the right. The board is populated with various electronic components, including integrated circuits and resistors.	R-P3-RSC-6: PRO & ROTEM 1 SCALE CARD 6CH	900-99- 00268
