Double Jumbo Toilet Paper Dispenser

Code 171-P: Jumbo Double Roll Plastic Toilet Tissue Dispenser

Specifications

Site Location: Frost's most economical jumbo double toilet paper dispenser. It is perfect for areas of high consumption and where vandalism is less of a concern.

Features: This product is made from robust high quality plastic and has a sleek black and grey finish. It holds two 9" (230mm) jumbo toilet tissue rolls. Moulded spindles can accommodate 2-1/4" or 3" (57 or 76mm) diameter cores. The unit is lockable and comes with mounting screws. The acrylic see through window allows for maintenance staff to easily view paper levels. An access tray can open or block a roll from being depleted which helps janitorial staff manage paper consumption.

Materials: Constructed of high quality grey plastic back, with a Polycarbonate black cover. Includes an acrylic front window.

Capacity: Holds two 9" jumbo toilet tissue rolls.

Installation: Recommended mounting height: ensure the top of the unit does not exceed 31" (785) from the height of the floor. See front view for mounting hole locations. Mounting screws included with the unit. If you have any questions regarding installation in your site please contact a qualified tradesperson.
