Combination Control Roll Dispenser / Disposal Fixture

- Code 410A-50:** Stainless type 304, fully recessed
Code 410B-50: Stainless type 304, semi recessed
Code 410C-50: Stainless type 304, surface mounted

Specifications:

Dispensing: Universal towel dispenser will accept all standard 8" roll towels.

Controlled delivery with easy push action lever, takes up to 4" diameter reserve roll to eliminate paper towel waste.

Stainless steel (safety guarded) saw tooth cutting bar.

Door: Heavy duty 18 gauge stainless steel door (304, # 4 brushed finish).

Secured with two tumbler keyed locks.

All doors are hinged with full length stainless steel piano hinges.

Waste Inlet: Counterbalanced stainless steel door (20 ga.) provides maximum fire protection, mounted with full length piano hinge.

Liner: Removable galvanized steel liner (26 ga.) with 18 litre capacity (4 gallons).

Installation: Provide 37-1/4" (94.6) high x 12-1/2" (31.7) wide x 8-1/2" (21.5) deep wall opening. Drill mounting holes as required. For unrestricted access, height of top of unit to floor must not exceed 63" (160).

Description and specifications applicable on date issued. Frost reserves the right to make improvements or changes without notice.
