

speedflow[®]

- Fast drying time
- Protrudes only 4" from the wall in compliance with ADA requirements
- Adjustable High Speed motor: turn up for fast drying; turn down for quiet operation
- Universal Voltage out of the box (from 110 to 240 V)
- Easy retrofit – Mounting holes match those of most popular models
- Available in most popular covers and finishes
- Vandal-resistant surfaced-mounted
- GreenSpec listed

HIGH SPEED

VERSATILE, ADA COMPLIANT, DURABLE, MODERN & ULTRA-SLEEK DESIGN

The Speedflow hand dryer is the first designed adjustable speed warm-air hand dryer available. It can be set to fit any application. Users can choose their preferred air speed (thru a potentiometer) and active settings for quieter operation (museums or libraries). Convenient to install as the voltage (110-240 V) adjusts automatically saving on installation time. No need to order a recessed kit for ADA applications. GreenSpec listed, contributing to points for LEED credits.

HAND DRYERS

speedflow®

Who is using SPEEDFLOW M06 Hand dryers:

- Wal Mart Stores & Superstores, nationwide
- United Airlines VIP red carpet Clubs, nationwide
- Texas Department of Transportation, TX
- Dallas-Ft. Worth entire school district, TX
- Dodgers Stadium, Los Angeles, CA
- The Town School, NYC, NY
- Justin Siena High School, Napa, CA
- Tumwater High School, Tumwater, WA
- H. Frank Carey High School, Franklin Square, NY
- Hanover High School, Town of Hanover, MA
- University of California - Berkeley, Vance Brown Bldg., CA
- San Diego State University, CA
- YMCA of Greater Miami, Miami, FL
- USS Arizona Memorial, Honolulu, HI
- Glendale Heights Police Station, Glendale Heights, IL
- Academie Ste. Therese, Rosemere, Quebec, Canada
- Hemmingford Aerospace, Quebec, Canada
- Ecole Polymechanique, Laval, Quebec, Canada

M06A · M06AF · M06AB · M06AC · M06ACS | | | COMPONENTS AND MATERIALS

- 3/16" thick cast iron or 1/16" thick stainless steel one piece cover.
- High Speed – Universal brush motor, 3,800 – 8,200 rpm A class.
- The motor includes an automatically resetting safety thermal cut-off.
- Universal Voltage (from 110 to 240 V).
- Sensors come with a vandal-resistant polycarbonate viewing window.
- Cover fixed to the base by means of 2 vandal-proof lock screws and lock with special Speedflow wrench.
- Fully adjustable (2" – 8") IR electronic detection sensor by means of a potentiometer.
- Automatic disconnection system after 60 seconds of continuous use.
- Waved wire NiCr heating element mounted on a mica frame. It incorporates a self-resetable safety thermal cut-off which disconnects the whole appliance.
- Aluminum centrifugal double asymmetrical inlet fan wheel.
- Fire resistant plastic UL 94-V0 fan scroll.
- UL & CUL comply with UL499 norm and electrical safety.
- ADA compliant (no recessed kit needed).

SANIFLOW Corp.

The company behind the technology

A Track Record of Excellence

Saniflow Hand Dryer Corp. has established itself as one of North America's leading brands of eco-friendly hand-drying solutions. We offer **the largest selection of fast, stylish, and energy-efficient products**, designed to fit every type of washroom facility.

Our company works with design professionals, contractors, owners, and facility managers to ensure that every project gets the right dryers for its needs. **Our products are in use in highly recognizable office buildings, entertainment centers, shopping facilities, schools and universities throughout North America.**

Saniflow hand dryers benefit from **40 years of manufacturing experience** and expertise by our parent company, **Mediclinics S.A., the largest exporter of hand dryers in the world** and a leader in the European and global markets. Dryers produced in our manufacturing facility in Barcelona, Spain, **are used in over 120 countries worldwide**. Quality is assured through every step of the manufacturing process, and each dryer is tested and approved before shipping.

Commitment to Our Customers

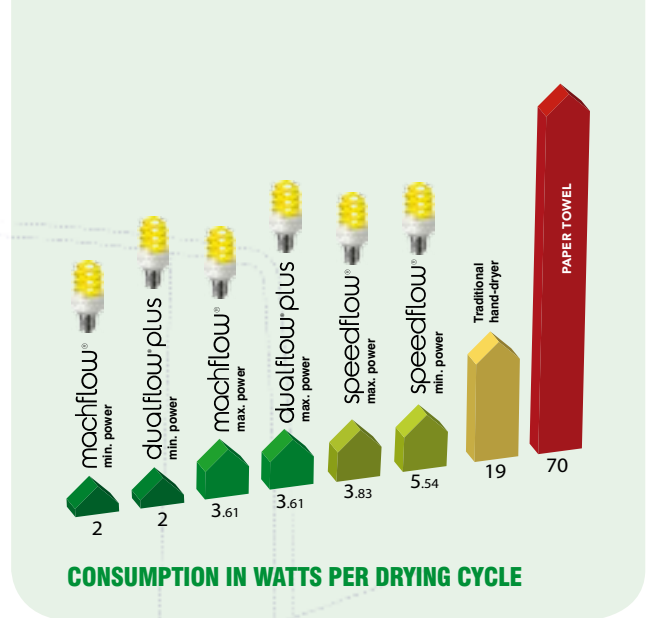

We stand behind our products, and consider every sale as the beginning of a customer service relationship. Under our **Quick Ship Program**, applicable to all distribution channels, all products listed in our catalog ship within 36 hours (under normal circumstances) on purchase orders from distributors that have established credit terms with Saniflow. Our team of customer satisfaction professionals is available to answer any product questions and **offer full technical support**.

Responsible Manufacturing

We are equally committed to sustainability in operations. We use a **combination of new and recycled materials**, many of them also recyclable, and have instituted advanced waste stream separation in manufacturing.

High-Speed Dryers

The Greenest Solution

The Future

Sustainability in construction, renovation, and operation are becoming the new normal. Saniflow high-speed hand dryers are contributing to this movement by offering the largest selection of Green Spec certified and LEED point contributing hand dryers of any manufacturer anywhere, helping achieve energy-efficiency and waste-reduction targets set by owners or mandated by code.

- Eliminating paper towels can reduce non-recycled waste by 5 - 15% in many establishments.
- High-speed dryers reduce energy consumption vs. paper towels or traditional dryers.
- High-speed dryers reduce heat emissions vs. traditional dryers.

A leader in Sustainability

Saniflow's high-speed models feature advanced design that lowers environmental impacts compared to competitive products. We have optimized airflow performance and motor design to deliver fast drying (10-15 seconds) at lower power consumption. We have reduced generated noise levels, an important environmental factor in any occupied facility, and introduced machines that can be speed-customized to fine tune noise and power consumption.

- Machflow, Dualflow Plus and Speedflow dryers can reduce energy consumption by as much as 90% over traditional dryers.
- Machflow, Dualflow Plus and Speedflow dryers can consume less than 3% of the energy per drying cycle used by paper towels.
- Saniflow green models produce one of the industry's lowest heat emissions.
- Saniflow is a leader in quieter dryers, achieving a low 65 dB for our high-speed dryers.
- GreenSpec listed.
- UL, CUL & CE listed.

Our eco-friendly high-speed range are perfect choices for achieving sustainability goals – contributing to points for LEED credits and Green Spec certifications – in new buildings, renovation projects, and sustainability upgrades. Schools and universities, offices, hotels, restaurants, and other facilities with high restroom traffic can benefit significantly from this new generation of hand dryers.

Corporate Core Values

Respect for the environment is a core value at Saniflow. Materials used in manufacture –including a significant proportion of recycled materials– are chosen not only for high quality, but also for the lowest possible impact on human beings and the planet. Much of our products' contents are recyclable at the end of service life. In fact, they comply with the stringent European WEEE Directive (Waste Electronic and Electrical Equipment). Our manufacturing operations also include a thorough waste separation scheme.

The Green Discount

Saniflow high-speed hand dryers reduce operating costs drastically, by as much as 90% of drying costs as compared to paper towels.

- Reduced energy consumption.
- Reduced maintenance costs.
- Reduced waste disposal costs.
- Eliminated supply costs.

Saniflow Hand Dryers offer performance, reliability, durability and style in products engineered to respect and protect the environment. This combination of top quality and sustainable responsibility has made us a worldwide market leader.

**LOW TRAFFIC**

This model is suitable for installation in areas with low traffic.

**MEDIUM TRAFFIC**

This model is suitable for installation in areas with medium traffic.

**HIGH TRAFFIC**

This model is suitable for installation in areas with high traffic.

**ELECTRICAL PROTECTION**

This model incorporates elements that ensure electrical insulation.

**LOW ELECTRICITY CONSUMPTION**

Eco-efficient hand dryer with low electricity consumption/high energy savings.

**VALUE FOR MONEY**

This model offers excellent value for money.

**VANDAL-PROOF**

This model incorporates elements of features that make it difficult or impossible to damage or remove.

**NUTS AND BOLTS INCLUDED**

This model includes the nuts and bolts necessary for it to be installed on masonry walls.

**LOCKED WITH KEY****BIOCOTE**

Anti-microbe treatment for DUALFLOW PLUS hand dryers.

**ADA STANDARDS**

Model which, when installed correctly, complies with the Accessibility Guidelines for Buildings and Facilities ADAAG.

**5 YEARS LIMITED WARRANTY****10 YEARS LIMITED WARRANTY****UNITS PER PALLET**

Unit quantities per pallet. The type of pallet is in between brackets, and dimensions of the pallets are as follows:

- (A) 120 x 80 x 110 cm
- (B) 120 x 80 x 120 cm
- (C) 120 x 80 x 130 cm
