## HD FRIDGE SLIDE

The Heavy Duty Fridge Slide from Overland Vehicle Systems is a reliable companion for off-road enthusiasts, boasting a robust construction designed to withstand the toughest conditions. Its 2 stage black powder coating not only enhances its longevity but also provides a sleek appearance. Constructed from heavy-duty steel and featuring stainless steel sliders and hardware, this fridge slide ensures a lightweight yet sturdy solution for securely transporting your essentials. The heavy-duty handle, easy-to-use locking mechanism, and multiple anchor points make it a user-friendly and versatile option, while the extra space for storing items adds practicality to this indispensable overlanding accessory.
