HYBRID COVERLESS DESIGN

PREMIUM 320G RIP STOP MATERIAL

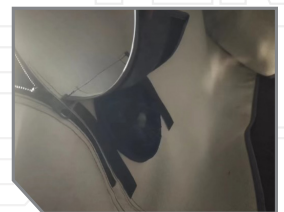

XD SHERPA

Introducing the XD Sherpa Soft Shell Roof Top Tent - a revolutionary hybrid coverless design offering unparalleled versatility for 1 to 4 adults. Crafted with premium 320G rip-stop material, it ensures durability and resistance to wear, while the black-out interior coating provides a total blackout experience for a peaceful night's sleep. This tent is also equipped with a high-density foam mattress, anti-condensation mat, cold weather insulation kit, and a aluminum honeycomb base. With swift setup, optional cross bars for added storage, and an integrated skylight, this tent redefines camping excellence, offering a new standard in quality, innovation, and adventure.
