280G RIP STOP TENT BODY MATERIAL

UV RESISTANT ABS SHELL

HD SERIES

BUNDU HARD SHELL

HD BUNDU HARD SHELL

Introducing the HD Bundu Hard Shell Cantilever Roof Top Tent by Overland Vehicle Systems, a groundbreaking addition to off-road adventures. Boasting a high-impact UV-stable ABS shell for unrivaled durability, the cantilever design simplifies setup from travel mode to a cozy retreat within minutes. Crafted from premium 280G Rip Stop material, the tent features ample storage pouches and large windows with 120G mesh for ventilation and panoramic views. Inside, a high-density foam mattress ensures a restful night's sleep. The aluminum honeycomb base enhances durability and keeps the tent lightweight, with straightforward setup and closure. Choose from 2-4 person configurations, promising comfort, convenience, and unwavering quality for an elevated camping experience.
