PORTABLE SAFARI TENT

Experience the ultimate camping freedom with the Overland Vehicle Systems Safari Tent. Engineered for speed and convenience, our innovative aluminum folding frame ensures effortless setup and packing in just 30 seconds. Crafted from waterproof 420D Oxford material, and featuring a waterproof PVC floor, this tent offers unbeatable protection from the elements. With its spacious attached awning, you'll have extra room to relax and customize your outdoor space. Stay comfortably ventilated with large windows featuring breathable screens to keep the bugs out. Elevate your camping adventures with the Overland Vehicle Systems Safari Tent where quick, lightweight, and easy meet the great outdoors.
