## TMBK ROOF TOP TENT

TMBK Roof Top Tents are crafted from premium materials, starting with a heavy aluminum-plated base and marine-grade stainless steel hinges and hardware. They feature an 81" square sliding ladder with steel hinges and are designed for all-season use. Additional features include breathable windows, a high-density foam mattress with cover, an insulated base, stainless steel hardware, a 1000g transportation cover, and a sliding square ladder.
