

High Capacity & High Load

CUE-D300

With nearly 300Wh of capacity, the CUE-D300 battery contains the most watt hours we've ever put into a single battery. Its impressive performance is perfect for use with high-draw lights, power-hungry cameras, and suitable for all types of productions. Like all prior CUE series batteries, the CUE-D300 comes standard with 1x D-Tap output. On this model it is rated at 100W max to power 12V accessories taking a high load. You won't find yourself short on power with our CUE-D300.

Product Features

- 286Wh capacity
- Capable of handling up to 14A loads ‡
- 1x 100W D-Tap Output (unregulated)
- 5 LED power status indicator (10% increments)
- The highest grade Lithium Ion cells are used to ensure reliability

Specifications

Capacity: 286Wh 14.4V, 19.8Ah
Max Draw: 14A/ 154W ‡
Power Outputs: (1) D-Tap (100W)
End Voltage: 11V
Protection: Over-charge, Over-discharge, Over-current
Ambient Temperature: 32~104°F (Charge), -4~113°F (Discharge), -4~122°F (Storage)
Dimensions: 3.82(w) x 5.75(H) x 3.11(D) inches
Weight: 3.53 lbs

‡ may vary depending on the operating temperature
