CHARGING
Before using the Barb Flower, fully charge the device using the included USB charging cable and a standard charging brick. Make sure not to let the unit hang as this can damage the USB connector. While charging, the power button will flash Red. Light will turn Green when fully charged, approximately 2.5 hours.

Green: 100% – 60%
Blue: 60% – 20%
Red: 20% – or below

Before using the Pulsar Barb Flower unit, first, heat the unit a few times empty. This will burn off any impurities that may collect during the manufacturing process.

USAGE
Slide silicone waterpipe attachment onto the metal mouthpiece. Unscrew the metal mouthpiece and load the desired amount of dry material into the glass-lined chamber (maximum 1.5 grams). Replace the mouthpiece making sure the ceramic pad is attached to the spring. With the device turned on, press and hold the power button to begin your session. Use the included stir stick to stir material halfway through the session being very careful not to touch the coils with the stick. Clean the coil and chamber gently using isopropyl alcohol wipes.
