

ELECTROPLATED STEEL

DESCRIPTION

Electroplated steel is used in the construction of pedestal bar and bistro tables. The combination of electroplated steel with the accent of the other materials in Travira pieces create a striking contemporary design.

DURABILITY

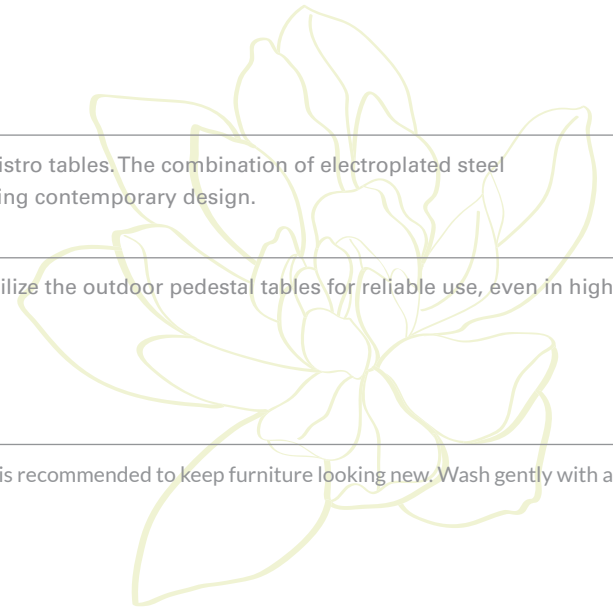

The durability and weight of this commercial-grade steel helps stabilize the outdoor pedestal tables for reliable use, even in high-traffic environments.

CARE AND MAINTENANCE

Electroplated steel requires little maintenance, however regular cleaning is recommended to keep furniture looking new. Wash gently with a mild non-abrasive cleanser, rinse well and let dry.

WARRANTY

Oxford Garden warrants all outdoor furniture and accessories to be free from manufacturing defects in materials and workmanship. Provided the furniture is assembled correctly and is subjected to normal use, Oxford Garden will cover your outdoor furniture under a five, three, or one year warranty as applicable. For more details regarding the Oxford Garden warranty, visit www.oxfordgarden.com/warranty.

ABOUT OXFORD GARDEN

For more than 20 years Oxford Garden has created outdoor furniture with thoughtful design made right, and this philosophy permeates everything we do. Our products enhance commercial and residential spaces, creating outdoor living experiences that stand the test of time.
