

DESCRIPTION

High-pressure laminate (HPL) is a form of decorative laminate where layers of paper impregnated with melamine resin are infused under high pressure with a protective overlay. The resulting laminate is attached to the substrate at high pressures and temperatures.

DURABILITY

(HPL) is renowned for its durability, longevity, and simple care requirements. HPL is resistant to burns, UV rays, scratches, stains, and heat.

CARE AND MAINTENANCE

Clean with a damp micro fiber cloth. Remove most stains with water and ordinary all-purpose cleaner or dishwashing detergent. For stubborn stains, use a dab of concentrated detergent. Avoid abrasive or highly aggressive cleaning products like steel wool, scouring powder or other polishes as they can scratch the surface and cause damage.

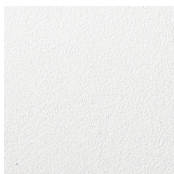

WARRANTY

Oxford Garden® warrants all outdoor furniture and accessories to be free from manufacturing defects in materials and workmanship. Provided the furniture is assembled correctly and is subjected to normal use, Oxford Garden® warrants all high pressure laminate table tops for a period of five (5) years from date of purchase against any major discoloration on the product or manufacturing defects in materials or workmanship. Oxford Garden® warrants all High Pressure Laminate products for a period of three (3) years from the date of purchase against structural failure. Oxford Garden® also warrants all hardware used in the construction of its outdoor furniture for a period of three (3) years from the date of purchase to be free from defects and against structural failure. For more details regarding the Oxford Garden® warranty, visit www.oxfordgarden.com/warranty.

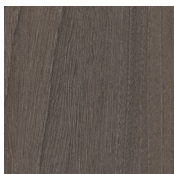

ABOUT OXFORD GARDEN
