MATERIALS & CARE

MATERIALS

POWDER-COATED ALUMINIUM is both lightweight and extremely durable. The rust-proof nature of the welded powder-coated aluminium frame offers high quality and strength, making it a great fit for high-traffic outdoor environments.

RETICULATED FOAM has an open-cell structure that permits moisture and air to pass through more freely than other types of foam. Water will run straight through the foam and drain out the bottom which allows for quicker drying. When paired with Sunbrella® Performance Fabrics, reticulated foam creates a virtually maintenance-free cushion in sun, rain, and snow. (Does not apply to the Armchair or Side Chair)

SUNBRELLA® FABRIC is engineered with robust performance characteristics that provide resistance to fading and degradation from sunlight and chemical exposure. Sunbrella® fabrics are 100% solution-dyed acrylic, meaning the fibers are dyed in a color solution before they are woven—not printed on after the fabric's base cloth is made. These fabrics are also water-resistant, so the colors stay true for a long period of time. (Does not apply to the Armchair or Side Chair)

COMPOSITE SLING is a composite mesh fabric composed of PVC-coated polyester threads. Threads are woven into mesh for sling and are braided for cord. Both materials are ideally suited to the outdoor environment and provide commercial-grade quality.

CARE

FABRIC should have dirt brushed off before it becomes embedded and liquid spills cleaned as soon as they occur. Blot (don't rub) with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove by scraping gently with a straight edge. Spray with a mild cleaning solution (such as Dawn® or Woolite®) and water. Rinse the fabric thoroughly to remove all soap residue and air dry. Repeat if necessary.

POWDER-COATED ALUMINIUM requires little maintenance; however, regular cleaning is recommended to keep furniture looking new. Wash gently with a mild, non-abrasive cleanser. Rinse well and let dry.

SLING require little maintenance, however regular cleaning is recommended to keep furniture looking new. Wash gently with a mild non-abrasive cleanser, rinse well and let dry.

WARRANTY

Oxford Garden warrants all outdoor furniture and accessories to be free from manufacturing defects in material and workmanship. Provided the furniture is assembled correctly and is subjected to normal use, Oxford Garden will cover your outdoor furniture under five, three, and one year warranties, varying by material. For more details regarding the Oxford Garden warranty, visit oxfordgarden.com/furniture-warranty
