

PALO COLLECTION

MATERIALS & CARE

MATERIALS

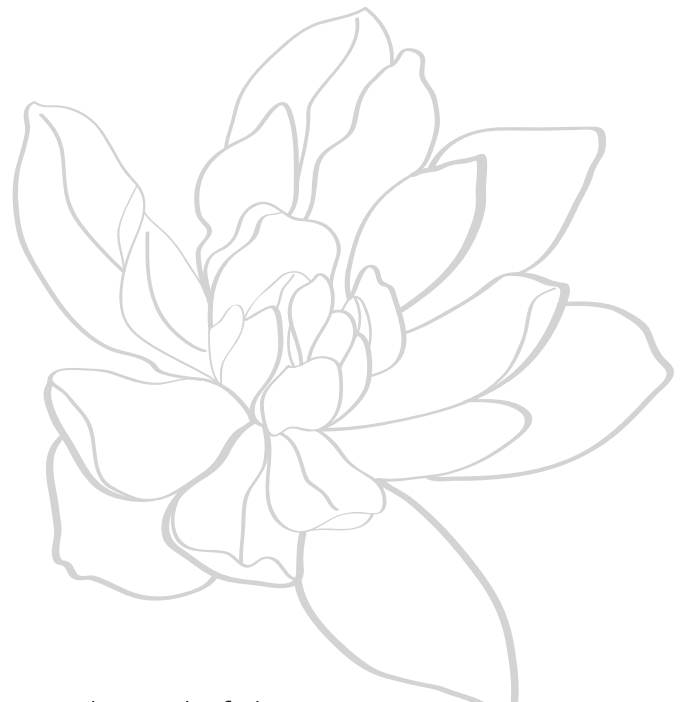

GLASS REINFORCED FIBER CONCRETE (GFRC) is created from a composite of stone, cement and fiberglass, making it highly durable. Polished and cured to further protect from scratches and stains. The surface of the material has a porous and organic appearance.

CARE

GLASS REINFORCED FIBER CONCRETE (GFRC) should be cleaned after each use. Soap-less cleaners are preferred as they minimize streaking and filming. Mild liquid dish soap is acceptable if rinsing is thorough. Do not use strong or abrasive cleaning agents. If using dish soap, mix a small amount into warm water. Protect the product from hard frost during winter or extreme heat in the summer, either by storing indoors or using a furniture cover when not in use.

WARRANTY

Oxford Garden warrants all outdoor furniture and accessories to be free from manufacturing defects in material and workmanship. Provided the furniture is assembled correctly and is subjected to normal use, Oxford Garden will cover your outdoor furniture under five, three, and one year warranties, varying by material.
