

OXFORD GARDEN®

TEKWOOD

Tekwood is a wood-alternative poly material that is proven in a variety of climate and high-traffic conditions. This commercial-grade material is durable, strong, and made to last. It is available in Natural and Vintage gray, providing the look of teak with minimal weathering and maintenance. Tekwood is one of the most authentic looking poly products on the market.

FEATURES & BENEFITS

- Authentic wood look
- Easy cleanup – low maintenance
- Maintains its form with no deterioration in structural integrity and minimal change in appearance
- The color and grain are consistent throughout the material so minor scratches can be repaired with light sanding
- Available in 2 finishes, Natural & Vintage
- Available on Travira tables, seating, and Modular Valet, as well as Argento chaise lounges
