Product Overview

This Poly 46" emergency crash cart organizes supplies in 6 drawers. The twist-to-cut seal lock secures all drawers together and provides visible tamper evidence. Antimicrobial polymer construction and removable drawer modules support routine cleaning and restocking. The configuration includes six drawers. Red sides and drawer fronts contrast with the light gray frame.

This model includes 100 tamper seals, cardiac board, adjustable IV pole, defibrillator shelf, oxygen tank holder, four side tilt bins, adjustable-depth suction pump shelf, disinfectant bottle holder, and six-outlet power strip with cord holder. Key Features: Antimicrobial Polymer Construction: Durable construction designed for frequent cleaning in clinical environments. 6-Drawer Configuration: Includes six drawers.

Twist-to-Cut Seal Lock: The twist-to-cut seal lock secures all drawers together and provides visible tamper evidence. Included Accessories: 100 tamper seals, cardiac board, adjustable IV pole, defibrillator shelf, oxygen tank holder, four side tilt bins, adjustable-depth suction pump shelf, disinfectant bottle holder, and six-outlet power strip with cord holder. Removable Drawer Modules: Modules can be removed for cleaning and restocking.

Five-Inch Casters: Support mobility, with two parking locks for stationary positioning. Fully Assembled: Arrives assembled for stocking before use. Overall Dimensions: 33" W x 23" D x 46" H.
