

NORTHLIGHT®

*“From our family’s business,
to your family’s home”*

**Carton & Item
Labeling Instructions**

CARTON MARKINGS AND ITEM LABELS/STICKERS

All Gordon Companies Inc., Northlight Seasonal vendors are required to adhere to the following carton marking requirements as well as the other related requirements in this section. Carton markings are required on all masters and inners including packaging for replacement parts.

Vendors should carefully review purchase order information for any additional marking requirements. It is the vendor’s responsibility to make sure that all the information printed on masters, inners and labels are accurate, complete and formatted properly.

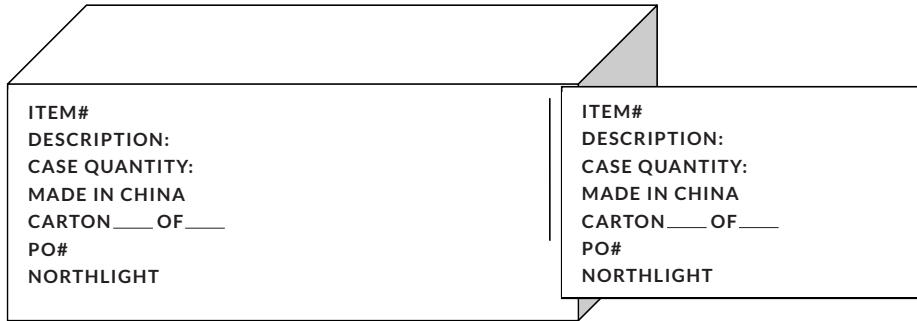

If you have any questions regarding the information/guidelines within this document, please contact your Gordon Companies Inc., Northlight Seasonal contact. Please visit <https://www.gordoncompaniesinc.com/resources/> for a digital version of this document as well as downloadable files.

MASTER CARTON MARKINGS

Master Carton Marking (Printed on 2 main sides and 2 end sides) 4 sides total

(If images are needed in a different format, please contact your Gordon Companies Inc., Northlight Seasonal contact).

Each master carton should be printed on at least two adjacent sides, and preferably all four sides. The carton markings may be printed directly onto the carton or on a label affixed to the carton.

The text of the markings should be bold, in all capital letters.

Print quality should be crisp and well defined, with no smudging, or letter fill-ins. Larger printed areas must be completely printed with a dark and consistent appearance.

Black ink is required for all master carton printing (see exceptions in Seasonal Marking Guidelines).

- All cartons exceeding 35 lbs. (15 kg) must use the 35 lb. symbol
- All boxes exceeding 50 lbs. (22 kg) must use the 50 lb. symbol

EXCEPTIONS FOR CUBE UTILIZATION

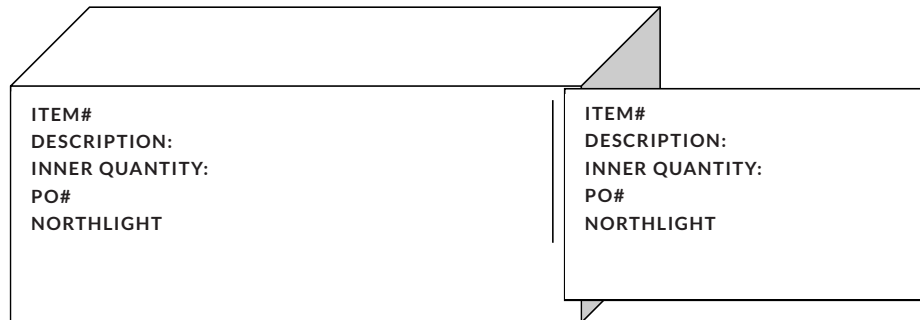

If you must place orientation marked products on their side to maximize the cube of the container or delivery vehicle, please place the cartons on the top of the container load. This will reduce the amount of potential damage that may be incurred during transit.

NOTE:

- Item # should be our item number **ONLY**
- Description: please use the short description you are using for the UPC sticker
- Case Quantity should be the total sellable items in the case
- Carton ___ of ___ should only correspond to that item number, not the entire order.

INNER CARTON MARKINGS

Inner Carton Marking (Printed on 2 main sides and 2 end sides) 4 sides total

(If images are needed in a different format, please contact your Gordon Companies Inc., Northlight Seasonal contact).

The inner refers to the “IP” as shown on the purchase order and may consist of a polybagged item and not necessarily something in a cardboard box. When the inner carton is in Northlight Seasonal’s private label packaging or in the vendor’s brand packaging, no additional carton markings or labels are required as this could damage the private label package.

Each inner carton/pack should be marked on at least two (2) sides. The carton markings may be printed directly onto the carton or on a label affixed to the carton. The markings must measure a minimum of 2” x 4” (5cm x 10 cm). The text of the markings should be in all capital letters. Black ink is required for all inner carton printing.

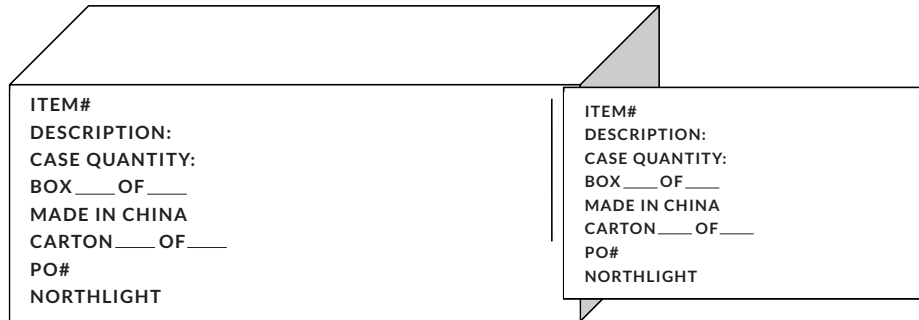

- All cartons exceeding 35 lbs. (15 kg) must use the 35 lb. symbol
- All boxes exceeding 50 lbs. (22 kg) must use the 50 lb. symbol

MULTI-PART SKU MARKINGS

SKU Packed Across Multiple Cartons

All boxes in the multi-part shipment should also include the words Box ____ of ____.

- Example: for a 3 box shipment, the second box should be printed Box 2 of 3.

(If images are needed in a different format, please contact your Gordon Companies Inc., Northlight Seasonal contact).

SYMBOLS

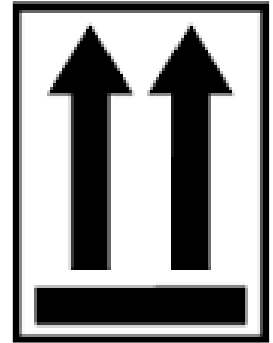

When appropriate, the below symbols are recommended for use on Northlight packages. Symbols should be printed in the upper right and/or left corner on both printed panels.

THIS END UP

Please place up arrow symbols accurately and only if needed.

Carton markings for orientation arrows or “THIS END UP” should only be used if they are absolutely needed to protect the integrity and quality of the merchandise inside the boxes.

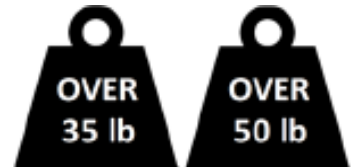

Boxes that are marked with orientation arrows or “THIS END UP” should be loaded properly in the container according to the markings. If you are delivering your goods to a consolidator, please ensure the orientation marked boxes are delivered according to markings.

HEAVY

All cartons exceeding 35 lbs. (15 kg) must use the 35 lb. heavy symbol.

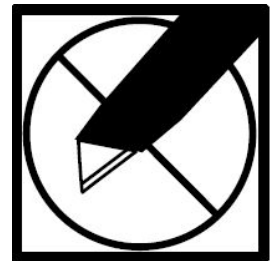

All boxes exceeding 50 lbs. (22 kg) must use the 50 lb. heavy symbol.

DO NOT USE BLADES TO OPEN

The “Do not use blades to open” symbol should be used on packages containing:

- Soft goods
- Finished, wood furniture
- Upholstered items
- Polybagged articles like rugs, and lights
- Single-face wrapped outdoor furniture

HEAVY

Any product that can be easily broken due to its delicate nature. This term may include, but is not limited to, items made from glass, ceramic, porcelain, mosaic, capiz, and some wood.

UPC STICKER

UPC sticker must have item number, description, and scannable UPC code like the example shown below.

SPECIAL WRAPPING

In some circumstances merchandise will not be shipped inside a carton but will instead have special wrappings.

RUGS

- Roll the rug with the design facing out and place it in the polybag
- Affix the appropriate label or marking on one (1) side of polybag
- Insert the labeled, polybagged rug into a secondary bag (poly, burlap, woven, etc.) for further protection
- Rug bales are to be labeled on two (2) ends and one (1) side using the following methods:
 - Sewn on (burlap)
 - Printed directly on (fabric)
 - Glued on

UNBOXED/WRAPPED FURNITURE

(such as stacked chairs, metal furniture, etc.)

- Items are to be wrapped in paper, bubble, or cardboard then labeled on two (2) sides

BALED ITEMS (such as baskets packaged in burlap, etc.)

- Items are to be labeled on at least two (2) side using the following methods:
 - Sewn on (burlap)
 - Printed directly on (fabric)
 - Glued on

OPEN-CRATED ITEMS (such as ceramic pottery)

- Items are to be covered with protective wrappings, taped, and labeled on two (2) sides
- *UPC sticker must be on the product and outer wrapping*

CONTINUED ON NEXT PAGE

SPECIAL WRAPPING CONTINUED

POLYBAGGED INNERS (such as baskets, pillows, table linens, etc.)

- Items are to be labeled on one (1) side
- Any item or any part that is packaged in a polybag must have the below sticker on the polybag:
- *Polybag warning:*

THIS BAG IS NOT A TOY

WARNING: TO AVOID DANGER OF SUFFOCATION, KEEP THIS BAG AWAY FROM BABIES AND CHILDREN. DO NOT USE IN CRIBS, BEDS, CARRIAGES OR PLAYPENS. THIS BAG IS NOT A TOY. TEAR UP BAG BEFORE THROWING AWAY.

Download the file Polybag-Inner at <https://www.gordoncompaniesinc.com/resources/>

PROP 65 WARNING

All items containing wires and/or plugs must have the below sticker:

CALIFORNIA PROPOSITION 65 WARNING:
THIS PRODUCT CONTAINS CHEMICALS
KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER, AND BIRTH DEFECTS
OR OTHER REPRODUCTIVE HARM.

Download the file Prop65 at <https://www.gordoncompaniesinc.com/resources/>

IP44 LED TRANSFORMER MARKINGS

All items that require IP44 LED transformer must use the below design.
Download the files at <https://www.gordoncompaniesinc.com/resources/>

Download the file:

- IP44 LED Transformer
