

BannerPRO™

Professional Banner Hemming System

Patent Pending

Pole pockets, pocket signs, and perimeter hems. Do it all with BannerPRO™

Are you tired of trying to fabricate your banners with cumbersome banner tape but are unwilling to spend \$4,000 and up for the current heat based hemming systems?

Supply55 is proud to offer the BannerPRO banner welding system. BannerPRO offers numerous capabilities including hemming for grommets, pole pockets and pocket sign fabrication, at a fraction of the cost of other hemming systems. Take control of your jobs in-house with BannerPRO.

BannerPRO™ can optimize your workflow for several projects!

Banner Hemming

Professionally hem large or small banners with a perimeter hem for added durability and a clean finished look.

Pole Pockets

Quickly and easily fabricate pole pockets in-house for added revenue opportunities.

Pocket Signs

Fast, easy, durable and profitable pocket signs represent an excellent opportunity to grow your business. Simply print your image on banner material, weld the edges with BannerPRO, drop over a frame and you're finished!

Take control of your workflow with BannerPRO™
