TECHNICAL DATA

INDEX

- Profile drawings available at [www.couplers.com](http://www.couplers.com)
- See Page 68 for Specifications, Performance Data, Full Size Templates, and Optional Seal Compounds

- Superior cushioning effect of Plastisol cover provides better protection for auto, motorcycle, marine, & appliance finishes.
- Flexible protective cover allows normal coupling operation while reducing the entry of contaminants in dirty environments.
- Standard SV couplers with protective covers are less expensive than competitive hard plastic models, plus they eliminate the need to stock both standard and plastic bodied couplers.
