

Product #: IMP.124-C

Product Name: RATCHET WRENCHES

Description: For Refrigeration and Air-Conditioning Service

Combination wrench with the four sizes most needed for servicing air-conditioning and refrigerator equipment.

- 9/16" hex for dust cap on access valves and plug oil check on compressor.
- 1/2" hex for compressor mounting bolts.
- 1/4" square for valve stem and service valves and old style compressor valves.
- 3/16" square for valve refrigerant charging tanks.
