

Description

- Hercules Haymaker Tankless Water Heater Descaler quickly and easily dissolves inorganic deposits that restrict flow to restore circulation and heat transfer efficiency.
- Citric acid-based, non-corrosive and VOC-free.
- Removes carbonates, sulfates, phosphates, rust, oxides and other mineral deposits.
- Compatible with most commonly found plumbing-related materials including PVC, CPVC, ABS, rubber, steel and most metals.
- Other applications include descaling non-aluminum heat exchangers and water heaters.
- Extends the life of the appliance when used as part of a regularly scheduled preventative maintenance program.
- Safe for septic systems and sewers
- Safe for Potable Water Systems.

**Listings**

Certified to NSF Standard 60

INGREDIENTS (CAS Number)

Citric Acid – 77-92-9, Water – 7732-18-5
