FREE LOANERS

We offer free same-day shipping on loaner probes and free repair evaluations on all probe models. Fast, easy, and within your budget.

ISO 13485 CERTIFIED FACILITY

We are committed to quality. Each of our repairs go through our ISO Certified Quality Management System and are tested, retested, and backed by a 90-day warranty.

VERSATILE REPAIR

All repairs are completed in-house. Whether you are seeking an extensive overhaul on a TEE probe or need complete cosmetic and functional repair, the specialists at Lynn Medical provide a total solution.

90-DAY WARRANTY

We have world's largest inventory of in-stock tested probes available for loan or sale ready for immediate delivery with a 90-day warranty.
