

3800 Series

Automatic & Semi-Automatic Flush Bolts

3815L SHOWN

Trimco's **3800 Series** Automatic and Semi-Automatic Flush Bolts are engineered to be extremely quiet and ultra efficient requiring very low closing force to secure the door. The patented design contains one third fewer parts with key components constructed of stainless steel creating a flush bolt with higher reliability than the competition. Available for metal or wood doors, the 3800 Series Automatic and Semi-Automatic Flush Bolts are flexible for most any application.

APPLICATIONS

- Offices
- Hospitality
- Multi-Family & Mixed Use
- Commercial & Industrial Buildings

FLUSH BOLTS

PRODUCT FEATURES

- Ultra efficient requiring very low closing force to secure the door
