

HyperFLOW

METALLIC EPOXY BINDER

FLOW. CLARITY. IMPACT.

EXTREME FLOWABILITY

Self-leveling formula creates smooth, seamless finishes.

EXTENDED WORKING TIMES

More time to create stunning metallic designs.

CHEMICAL & IMPACT RESISTANT

Built for long-lasting performance in tough environments.

HIGH GLOSS REFLECTIVE FINISH

Delivers brilliant, glass-like depth and dimension.

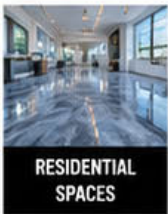

PRODUCT OVERVIEW

HyperFLOW is a high-performance epoxy resin designed to enhance pigment movement and create striking, glass-like effects. This binder delivers the perfect balance of clarity, flow, and working time to deliver stunning metallic finishes with exceptional durability.

Formulated with 100% solids, this binder provides a solvent-free, low-odor solution that ensures superior adhesion, chemical resistance, and long-lasting performance. Optimized viscosity promotes smooth, effortless pigment dispersion—ideal for creating waves, cells, veins, and three-dimensional effects.

Its self-leveling properties create smooth, seamless surfaces that enhance the visual impact of metallic pigments, producing a high-gloss, dimensional, and reflective finish. It is compatible with Floorguard's range of metallic pigments, allowing for infinite design possibilities.

IDEAL FOR:

KEY FEATURES

LOW VOC FORMULATION

Low odor, user-friendly, and compliant.

LOW ODOR

Minimal odor for a better working experience.

EXTREME FLOWABILITY

Self-leveling formula for smooth, seamless results.

EXTENDED WORKING TIMES

More time to perfect your metallic designs.

LOW VISCOSITY

Optimized for effortless pigment movement.

HIGH GLOSS REFLECTIVE FINISH

Produces a brilliant, glass-like shine.

HIGH COMPRESSIVE STRENGTH

Built to withstand heavy loads and impact.

CHEMICAL & IMPACT RESISTANT

Resists a wide range of chemicals and daily wear.

SUPERIOR ADHESION

Bonds strongly to properly prepared substrates.

OPTIMAL PIGMENT DISPERSION

Ensures even distribution for vibrant, consistent effects.

SOLVENT-FREE

100% solids for superior performance and durability.

EFFORTLESS APPLICATION

Smooth flow for easy blending, lacing, and layering.

STUNNING RESULTS

Creates dynamic, three-dimensional metallic effects.

INFINITE POSSIBILITIES

Compatible with Floorguard metallic pigment line.
