

FGP FLAKE SYSTEM

MOISTURE-TOLERANT DECORATIVE
EPOXY FLAKE BROADCAST SYSTEM

NOMINAL THICKNESS
32-50 MILS

FINISH
Textured Gloss

SYSTEM DESCRIPTION

FGP Flake System is a multi-layer, moisture tolerant epoxy broadcast flooring system designed for residential and light commercial environments. The system provides a seamless, decorative, and durable surface with strong adhesion to properly prepared concrete substrates. Suitable for moderate moisture conditions and environments requiring balanced performance in durability, cleanability, and aesthetics.

KEY FEATURES

- ✓ Seamless and monolithic system eliminates joints and weak points
- ✓ Durable surface designed for long-term performance
- ✓ Impervious finish resists moisture intrusion and contamination
- ✓ High abrasion resistance for sustained wear conditions
- ✓ Chemical and stain resistant for easier cleaning and protection
- ✓ Hygienic, sanitary surface suitable for clean environments
- ✓ Low maintenance requirements with simplified upkeep

IDEAL FOR

Retail Spaces

Office Buildings

Fitness Centers

Restaurants
& Cafés
