

FGP METALLIC MARBLE SYSTEM

DECORATIVE SEAMLESS SYSTEM FOR
ARCHITECTURAL FINISHES

NOMINAL THICKNESS
50-75 Mils

FINISH
High-Gloss
Smooth Finish

SYSTEM DESCRIPTION

Decorative epoxy flooring system designed for architectural interiors requiring seamless, high-gloss metallic effects with visual depth and movement. Specially formulated metallic pigments in a high-build epoxy matrix create a monolithic, variegated, reflective surface. It provides a smooth, non-porous finish with good chemical and stain resistance and moderate abrasion resistance, suitable for controlled interior environments. The seamless design eliminates joints for easy cleaning and a premium aesthetic, ideal for light to moderate traffic areas.

KEY FEATURES

- ✔ Seamless, high-gloss decorative finish with metallic visual effects
- ✔ Unique, variegated patterns for one-of-a-kind floor appearance
- ✔ High-build epoxy system creates depth and reflective movement
- ✔ Smooth, non-porous surface for easy cleaning and maintenance
- ✔ Moderate abrasion resistance for light to moderate traffic
- ✔ Impervious surface is chemical and stain resistant for interior commercial use
- ✔ Ideal for design driven, architectural environments wanting visual impact
