

Part No. ALL23064

Lower Nose Support For MD3 Evolution

Plastic nose support is specifically designed to fit the underside curve of the MD3 Evolution style dirt late model nose piece. Support fastens to the underside of the nose piece allowing it to be bolted directly to the bumper of most dirt late models. Support is just under 3/8" thick and measure 39" long by 7" wide. Support fits LH or RH sides, weighs 3.3lbs and is sold each.
