Essentials Collection

The Permanent Essentials Collection carries a range of essential pieces that we define as our most utilitarian pieces. The characteristics for this series are to suit essential usages and easily adapt to everyday living situations. The products have a democratic feel and essence to them, that in their practicality and usefulness makes for a high level of agility in different environments.

01 Series_Extension

The latest additions to Frama's 01 Series pay tribute to multi-functionality, natural materials, and the design's honest simplicity inspired by chairs commonly found in Nordic churches since the early 20th century. With its distinct aesthetic and sturdy frame, each piece allows for a wide range of environments.
