

LE KLINT

SWIRL 1320S/M/L

Vejledning for

LE KLINT - 1320 S, M og L

Materiale: Lameller påmonteret akrylstel

Ophæng i klar akryl og metal

Instruction for

LE KLINT - 1320 S, M or L

Material: Lamellaes mounted on acrylic frame

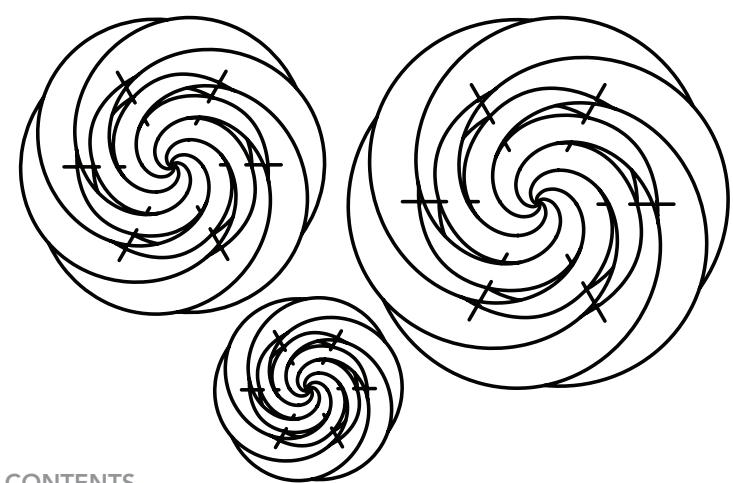

Hang-up in clear acrylic and metal

INDHOLD

- Håndmonteret lameller, monteret på stativ i klar akryl.
- El-montage på lakeret metalplade til ophæng på væg/loft.
- Instruktion omhandlende udpakning, montage og vedligeholdelse.

UDPAKNING OG MONTAGE

1. Træk det øverste pap-indlæg op via håndtagene i hver side og stil det fra dig på en plan overflade. Lampen sidder fast i dette.
2. Lampen fjernes forsigtigt fra indlægget. Det sidder fast i 4 slidser i pappet, tryk forsigtigt lidt ind på pappet mens lampen fjernes derfra.
3. Træk nu det nederste pap-indlæg op af kassen.
4. Det nederste indlæg indeholder monteringsplade til væg/loft.
5. Når der er forboret og monteret rawplugs kan metalpladen monteres på det ønskede sted.
6. Lampen og monteringspladen har enten 3 eller 6 buer som passer sammen.
7. Skub lampen ind over monteringspladen og drej den en 5-10 cm til den ene side. Nu er lampen låst på bagpladen.

CONTENTS

- Hand-mounted lamellaes, fitted on a frame in acrylic,
- Elec. fittings, mounted on painted metalplate
- Instructions for unpacking, fitting, and maintenance.

UNPACKING AND ASSEMBLY

1. Pull the upper layer of cardboard up by the handles on each side, and place it on a flat surface. The lamp is attached to this.
2. Carefully remove the lamp from the cardboard. The lamp is attached to 4 slits in the cardboard. Carefully push the cardboard down while removing the lamp.
3. Pull the bottom layer of cardboard out of the box.
4. This layer contains the mounting plate for the wall/ceiling.
5. After drilling and inserting dowels, the metal plate is ready to be mounted on the desired area.
6. The lamp and mounting plate has either 3 or 6 curves, which fit together.
7. Slide the lamp onto the mounting plate and turn it 5-10 cm to one side. The lamp is now locked on the rear mounting plate.

VEDLIGEHOLD

Lampen holdes ren ved aftørring med blød klud eller støvbørste. alternativt en hårdt opvredet klud for at fjerne mærker/pletter.

LYS

Anbefalet max. wattage:

Model 1320S: LED-/Sparepære max. 2x 9 W, Trad. påre max. 2 x 25 W (Kronepære)

Model 1320M: LED-7Sparepære max. 2 x 13 W, Trad. påre max. 2 x 40 W

Model 1320L: LED-/Sparepære max. 2 x 20 W, Trad. påre max. 2 x 40 W

Det er muligt at benytte energisparepære i lampen, hvilket giver mulighed for at få mere lys i, uden at overstige det anbefalet wattforbrug. Ved for højt wattforbrug kan det give varmeproblemer i lampen og skærmen ødelægges.

MAINTENANCE

The lamp is kept clean by wiping with a soft cloth and dust brush, alternatively a slightly damp cloth to remove any marks / stains.

LIGHT

Recommended max. wattage:

Model 1320S: LED-/CFL bulb max. 2 x 9 W, Trad. bulb max. 2 x 25 W (Small bulb)

Model 1320M: LED-/CFL bulb max. 2 x 13 W, Trad. bulb max. 2 x 40 W

Model 1320L: LED-/CFL bulb max. 2 x 20 W, Trad. bulb max. 2 x 40 W

Exceeding the recommended wattage may result in excessive heat evolution and damage to the shade.

Energy saving light bulbs can be used giving a stronger light without exceeding the recommended wattage.

LE KLINT's collection, which these lamps are a part of. Very well with the Scandinavian tradition. As such, it is in complete harmony with some light experience, while the design of the lamp is quite airy, tries in handsome light, form and function should work together to provide a desire that light, form and function should work together to provide features.

Øivind has worked intensely on improving and polishing his studies in 2008, but have actually been in progress ever since he completed his studies in 2008, but these principles have inspired his new series of lamps – the Swirl. The lamps

in addition, the Fibonacci sequence, fractals, and other basic mathematical principles fascinate him. Øivind finds great inspiration in nature, particularly in the snail. He graduated as an industrial designer in 2008 from The Royal Danish Academy of Fine Arts.

Øivind Slaatto, industrial designer. Born in 1978 in Ulm, Germany.
