SHAPES

A special shape can really be an eye-catcher in your interior!

Round, oval, geometrical and organic shapes are increasingly used in interior design. These special shapes have a friendly and soft appearance and show individuality.

CS rugs created a series of shape designs that apply to the entire CS rugs collection. Kite, Diamond, Jewel, Tablet, Boulder, Rock, Pebble, Menhir, Boomerang, Peanut, Blob and Amoeba are pre-designed shapes to choose from.

There are 3 standard sizes S , M and L. Other sizes/shapes are possible on request. Shape designs in loop pile are on request, these are always finished with a 2 cm cut pile border.

CALCULATION

The net size will be calculated in m² according to the CS rugs price list. For a customized drawing a surcharge will be applicable.

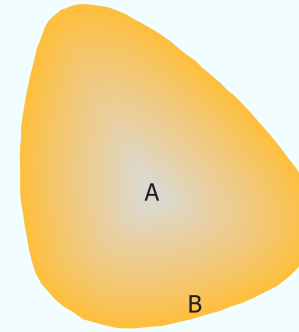

CONFIGURATOR

To create a custom colour: visit our configurator at www.csrugs.com

GRADIENTS

Within the shape designs there is an option for a gradient design. We offer Sunrise, Wave, Sun, Off-shore and -NEW!- Implosion for cut pile rugs.

Sunrise

This gradient runs from colour A to colour B.

Wave

This gradient runs from colour A to colour B and back to colour A.

Sun

This circular gradient design in colour A runs from the center of the rug to the outer sides, colour B.

Off shore

This circular gradient design in colour A is positioned in a corner of the rug and then spreads out to colour B. (Not possible in 6 mm pile height)

Implosion

This gradient will be tufted as a spiral, following the shape outlines and runs from the center [colour A] to the outside [colour B]. (Not possible in 6 mm pile height)

All gradient variants can be applied to the collections Caméléon and Sauvage dégradé.

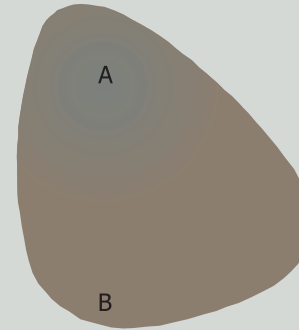

You can visit our configurator on www.csrugs.com to create a custom colour.

-Colour gradients are based on two colours; when -by exception- an extra colour is required for a smooth gradient, there will be a surcharge.

-Gradient shapes are made in cut pile. Caméléon: 16, 20, 25, 45 mm and Sauvage Dégradé : 15, 35, 45, 60 mm. Shapes in loop pile on request only.
