

# Alima Trolley NDS1

## Note Design Studio

### 2022

---

Congratulations on your new Alima trolley designed by Note Design Studio in 2022. We hope you will enjoy using this product. Please follow these instructions to ensure correct use. If you have any questions or comments, please do not hesitate to contact us by mail at: [info@andtradition.com](mailto:info@andtradition.com)

## **Cleaning instructions**

### **Lacquered wood**

Lacquered wood offers a stronger surface than oiled and is effective when coloured surfaces are desired. Compared to oiled wood, lacquered wood is easier to clean and requires no maintenance.

For daily care it is recommended to dust the product with a soft cloth. Lacquered wood can be cleaned with a soft cloth that has been soaked, and then wrung, in a solution of water and a universal cleaning agent. Always follow the wood grains and always dry with a soft dry cloth immediately after cleaning.

### **Powder coated or chromed metal**

It is recommended only to use a soft dry cloth to clean powder coated or chromed surfaces. In case more severe cleaning is necessary, a soft cloth soaked, and then wrung, in lukewarm water can be carefully applied. Always dry immediately after cleaning with a soft dry cloth. Avoid using abrasive cleaning agents or aggressive cleaning detergents on powder coated or chromed surfaces as this may permanently damage the product.
