
Beetle Ottoman - Fully Upholstered - Conic Base

Designed by GamFratesi - 2013

ITEM NUMBER

10300

DESCRIPTION

The Beetle Ottoman is adding an extra level of comfort to the Beetle Lounge Chair, but is expressive enough to stand alone and have its own saying in the interior decoration. The Beetle Ottoman carries strong references to the designer GamFratesi's inspirational source; the insect world, more specific the world of beetles.

The design of the Beetle Ottoman reinterprets the characteristic elements of the beetles' sections: shape, shells, sutures, rigid outside and soft inside, and the result is an ottoman that cunningly interprets the shell of this four-legged creature. The wide range of upholstery options allows matching the current interior or add a splash of colour.
