CHAIR 01 + STOOL 01

CHAIR 01 + STOOL 01

The new Chair 01 and Stool 01 from Frama is inspired by the stackable chairs commonly found in Nordic churches since the early 20th century. Originating in the UK, before being imported to Scandinavia, the round-nosed wooden stacking chair epitomizes the democratic ideals that defined modern design. Today, with the introduction of the highly versatile Chair 01 and Stool 01, Frama has endeavored to capture this democratic spirit by creating a useful object that is at home in a wide range of residential and commercial interiors. Constructed with premium grade, regionally sourced Baltic Birch, the joints of Chair 01 and Stool 01 are intentionally left exposed as an expression of the chair's traditional method of production. Finished with custom colored, organic hard wax and oils, each Chair 01 and Stool 01 is intended to develop a naturally unique wood patina as it ages. Additionally, because customers can select from a variety of seat surface types (material options include veneered plywood, premium leather, and supple suede), the Chair 01's and Stool 01's can be customized to complement any context.
