## DESCRIPTION

The Embrace Bar Stool with soft upholstery not only combines optimal seating comfort with elegant lightness but unites E00S' strong sense of modern aesthetics and Carl Hansen & Son's tradition for quality craftsmanship. Thanks to the tall, upholstered backrest of the Embrace Bar Stool, you can sit comfortably in the chair for a long time - you can sit back, rotate your legs to both sides and use the backrest as an armrest. A bar stool designed to combine ideal seating and back comfort with optimal freedom of movement.

## DESIGNER

E00S, is a design collaborative established in Vienna in 1995 by Martin Bergmann (b. 1963), Gernot Bohmann (b. 1968), and Harald Gründl (b. 1967). E00S views design as a poetic discipline, believing that end results should be able to accommodate changing needs and desires. E00S designs for many of the world's best-known brands. The trio has published books on design, holds over 15 technical patents, and has won over 130 international awards, including a red dot award, a Compasso d'Oro, the German Design Award, an iF Award, and a Wallpaper\* Design Award.

## PRODUCTION PROCESS

All chairs in the Embrace series are born out of the same idea of a single wooden frame and soft upholstery that embraces the seat. The bar stool is based on the same construction as the Embrace Chair, where the upholstery is folded into two dimensions, and the chair's legs are not only accessories to the upholstered upper part but an integral part of the chair's expression.
