

Flaneur sofa - 2 seater

Designed by GamFratesi - 2019

ITEM NUMBER

21522

DESCRIPTION

The traditional 'roll arm', an elegant detail uncommon in modular sofas, is given a simplified, modern expression, and its archetypical curves replaced with more minimal lines. A slender wooden frame atop metal legs is filled with generous, soft cushions, curved for a snug fit around the armrest, facilitating both seated and reclined positions. The carefully formulated combination and layering of springs, foam and feathers offer indisputable comfort, while maintaining the Flaneur Sofa's precise silhouette, emphasized by immaculate three-millimeter piping around the seat and backrest cushions. For additional comfort, optional loose cushions are also available.

Designed around an array of modules, the Flaneur Sofa reflects the growing demand for modular furniture in increasingly dynamic interior spaces, without compromising on appearance or comfort. The flexibility of the system offers infinite possibilities yet its low expression and rounded form ensure it does not resemble a typical Northern European modular sofa.

Materials & Finishes

BASE FINISH

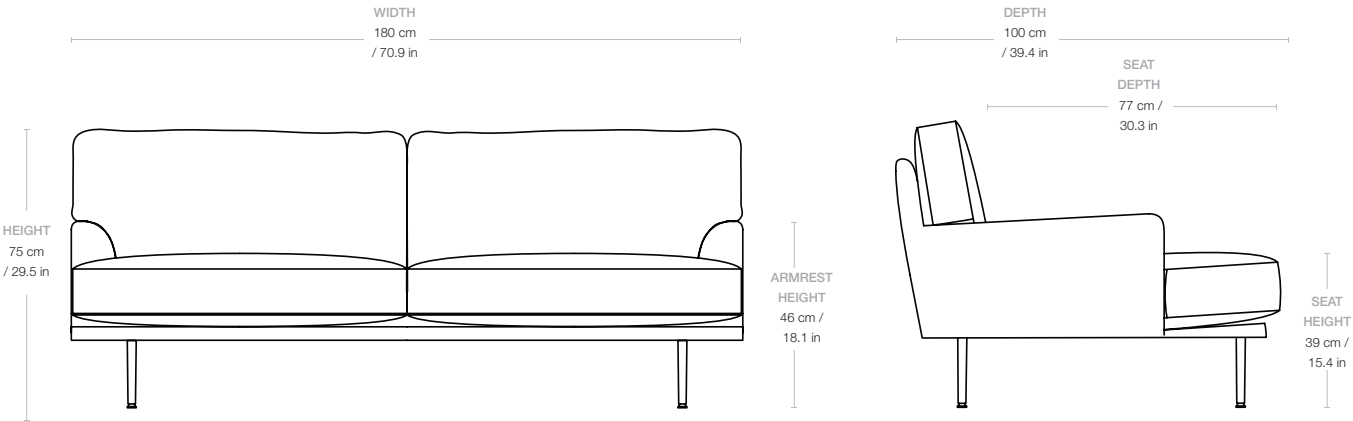

Black Matt Base (RAL 9005 - gloss 3-5), Antique Brass Base (Matt).

MATERIALS

Powder coated or brass plated steel legs, Wooden frame, nozag springs, polyurethane foam, feathers, fabric or leather upholstery
