Making room for personality

Montana

Dawn of — new days

Brazen colours. Soothing simplicity. Or pampering pastels.

Start and end the day in a nourishing oasis of luxury. Relish the freedom to choose exactly the colour and composition that make your mornings a delightful experience. Montana Bathroom lets you combine sink modules with cabinets, drawers and mirrors. All in matching poetic colours as eco-friendly as the lotion you put on your skin. Proudly crafted to make every morning and night exclusively yours.

Storage module PV1217 & mirror in Truffle //
Sink module BR1801 in Truffle with beige grains Rector®

2022/2023

Minimalist harmony

— a calm ambience for the hectic mornings

Montana Bathroom has counter tops with seamlessly integrated sinks in the material Rector®. Now, we are introducing two new sink materials: Rector® beige with dark and white grains and Rector® black with light coloured grains. The two new materials can be combined in many ways with the Montana palette.

Embraced by earth tones

Soak yourself in the luxury of elegant earth tones. All our products are eco-consciously produced to last a lifetime. Better for you. Better for the planet. Better for all of us.

2022/2023

Soft reflections — of you

Create a calm and clean bathroom to start the day in a soothing atmosphere of self-reflection. Pick your colours from our carefully curated palette to express the ongoing invention of your individuality.

Sink module BR2405 in Iris with white Rector®

Montana Lacquer Colours

Montana Bathroom is made from 12 mm water resistant MDF. All modules, mirrors, handles and doors can be chosen in all of Montana's 41 water-based lacquer colours.

Tabletop

Montana sink modules come in various sizes with seamlessly integrated sinks. The Montana sink modules are made from 12 mm Rector®, a composite with a silky surface. Choose between 3 colours:

White

Beige Grains

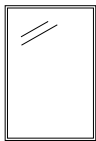

Black Grains

The tabletop is delivered as standard with a 35 mm tap-hole positioned in the centre of the sink. The drawer underneath the sink has a hole for the valve. If you wish to deviate from the standard this should be specified in the order. Montana Bathroom elements are only delivered for wall-mounting.

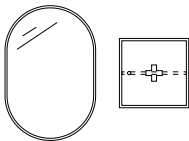

Examples of compositions

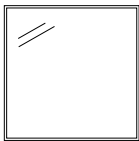

Montana Bathroom is a complete and flexible bathroom series that lets you combine sink modules, storage and mirrors in your own way. Combine sink modules with mirrors and storage and turn your bathroom into a uniquely personal space.

**Let's create
playful spaces**

Montana

40 years of colours

CELEBRATING AN EXPANSIVE, EVER-CHANGING PALETTE

Colours are a serious matter. They can lift your mood, warm your heart, make you smile on your commute, nudge you into a certain behaviour, and even make you feel safe and at home.

Since 1982, Montana has been bringing high-quality furniture, proud Danish traditions, and a multitude of colours to private homes, public spaces, and corporate facilities all over the world.

We are firm believers in the power of colours and the way they can spark creativity, joy, laughter, and unity. All the stuff that the world can never have too much of.

Let's create playful spaces.

Safe for you — safe for the environment

At Montana, we take our environmental responsibilities seriously.

For us, sustainability is using high-quality materials and robust craftsmanship to produce long-lasting products. Long-lasting products that are neither harmful to you nor the environment.

Since 2007, we have exclusively used water-based lacquer colours which do not contain any solvents harmful to you or the environment. Our modules carry the Danish Indoor Climate Label, and in 2019, we obtained the prestigious EU Ecolabel, becoming one of the first furniture brands in Europe to hold this official European certification. The Ecolabel applies to the entire Montana System, CO16, Montana Free Shelving System, and all of our Pantón products.

Bei Montana nehmen wir unsere Verantwortung der Umwelt gegenüber ernst. Für uns bedeutet Nachhaltigkeit die Verwendung qualitativ hochwertiger Materialien und robusten handwerklichen Könnens, um nachhaltige Produkte herzustellen. Nachhaltige Produkte, die weder Ihnen noch der Umwelt schaden.

Seit 2007 verwendet Montana ausschließlich wasserbasierte Lackfarben, die keine für Sie oder für die Umwelt schädlichen Lösungsmittel enthalten. Unsere Module tragen das dänische Raumklimazertifikat (Danish Indoor Climate Label), und 2019 wir erhielten als eine der ersten Möbelfirmen in Europa die offizielle europäische Zertifizierung durch das renommierte EU-Umweltzeichen (Ökolabel). Das Ökolabel gilt für das gesamte Montana-System, CO16, das Montana Free Shelving-System und alle unsere Pantone-Produkte.

Five generations — of Danish Design

Joakim Lassen is the fifth generation of his family to work with furniture and the great grandson of furniture manufacturer Fritz Hansen. Today, he is Managing Director of Montana. With a background in cultural geography and a career as an environmental consultant, sustainability remains a high priority.

Joakim Lassen arbeitet in fünfter Familiengeneration mit Möbeln und ist der Urenkel von Möbelhersteller Fritz Hansen. Heute ist er Managing Director von Montana. Aufgrund des kulturgeografischen Hintergrunds und einer Karriere als Umweltberater hat Nachhaltigkeit hohe Priorität.

Danish design — Danish manufacturing

All Montana modules are designed, developed and made in Denmark. Nothing leaves our factory in Haarby without having been manually inspected and approved, ensuring that every Montana piece has the perfect surface, jointing, and craftsman's touch.

Die Gestaltung, Entwicklung und Fertigung aller Montana-Module erfolgt in Dänemark. Jeden Tag arbeiten über 160 Profis an der Einhaltung höchster Maßstäbe in puncto Bearbeitung, Lackierung und Montage. Kein Produkt verlässt unser Werk in Haarby ohne manuelle Inspektion und Genehmigung, um sicherzustellen, dass jedes Möbelstück von Montana die richtige Farbe, Verfugung und handwerkliche Bearbeitung aufweist.

Meet our designers

Over the years, Montana Furniture has collaborated with many designers, both Danish and international, to launch brand new designs as well as relaunching classic design icons.

Peter Lassen

MONTANA SYSTEM, HILOW SERIES

In 1982, Peter J. Lassen founded the family company, Montana Furniture. Montana is based on Lassen's philosophy; that every one of us has a need for freedom to create our own personal spaces.

Margrethe Odgaard

MONTANA LACQUER COLOURS

Margrethe Odgaard graduated in 2005 from The Royal Danish Academy of Fine Arts, School of Design in Copenhagen. In 2019, Montana launched a new colour palette developed in close collaboration with Margrethe, leveraging all her expertise on colours.

Verner Panton

PANTON WIRE, PANTON TABLE,
PANTON ONE, PANTONOVA

Verner Panton is considered one of Denmark's most influential 20th-century furniture and interior designers, not to mention one of the most avant-garde. During his career, he created innovative and futuristic designs in a variety of materials and in vibrant, exotic colours.

Jørgen Rasmussen

KEVI CHAIR SERIES

Jørgen Rasmussen graduated from the Royal Danish Academy of Fine Arts in 1955 and in 1957, Jørgen and his twin brother, Ib, started their own studio with a focus on single-family houses. In 1958, he designed the Kevi chair.

Anders Engholm

AVENY-T CHAIR

Danish designer Anders Engholm is a skilled blacksmith, who also holds a Bachelor of Arts in furniture design and manufacturing. In 2022, he won the TV-show Denmark's next classic with his chair design Aveny-T, originally designed for the historic Aveny-T theatre in Copenhagen.

Jakob Wagner

JW TABLE, MONTANA FREE SHELVING SYSTEM

Jakob Wagner is a Danish award-winning designer. He has received numerous awards, including six iF Awards, three Red Dot Awards, Bundespreis, and Designer of the Year.

84 — 107

Maximum Memphis

COLOUR LIKE THERE'S NO TOMORROW

You probably guessed it already; this is not the bluesy, rock'n'roll kind of Memphis. This is the Italian, 1980's kind. Fearless, adventurous, and cutting edge. Starting with a base of white and black, we urge you to explore bold graphic expressions, geometrical shapes, and contrasting blocks of colour. Make room for a bit of white space for the eye to rest. And then get back at it with the piercing blue Monarch, the bright orangey-red Rosehip, and the mesmerizingly deep Azure. A playful, energetic, and quirky style that's impossible to ignore.

Kevi

The iconic chair series from 1958

Design by Jørgen Rasmussen

The original Kevi chair from 1958 was a swivel chair on casters. The Kevi chair series comprises models on casters in 4 heights and various models. The four-legged Kevi chair with seat and back is available as dining, counter, bar, and lounge model.

Der klassische Kevi aus dem Jahr 1958 ist ein Drehstuhl auf Rollen. Heute umfasst die Kevi Familie neben Modellen auf Rollen in vier verschiedenen Höhen und unterschiedlichen Designs auch einen Stuhl auf vier Beinen.

Living Things — flexible living with mobile storage

Living Things is a new series of plant and storage boxes in eight different sizes. The modules can be put on top of a shelving module, placed on a plinth or paired with legs or castors.

Aveny-T

A young chair for a broad audience

Design by Anders Engholm

The Aveny-T chair is the perfect answer to a demanding brief with its lightness, expressive lines, and modern combination of materials – recycled plastic in a terrazzo composite-like look in combination with a black powder coated sled-shaped frame. Aveny-T was originally designed for the Aveny-T Theatre in Copenhagen. A theatre with a young audience as its target group, naturally demands a chair that is both functional, minimalistic, and full of character.

Der Aveny-T Stuhl erfüllt eine ganze Reihe anspruchsvoller Forderungen: Er ist leicht, hat eine ausdrucksstarke Linieneinführung und vereint moderne Materialien – recycelter Kunststoff im Terrazzo-Look trifft auf ein kufenförmiges Gestell mit schwarzer Pulverbeschichtung. Ursprünglich wurde der Aveny-T Stuhl für das Aveny-T Theater in Kopenhagen entworfen, welches vor allem ein junges Publikum anspricht und dementsprechend Wert auf funktionale und minimalistische Sitzgelegenheiten voller Charakter legt.

Go primary — and colour block

Maximise simplicity while still maintaining recognizable, geometric shapes. Use handles, legs, and top panels as striking details to create elegant counterpoints.

Montana Free shelving with drawers in Black & New White // Montana Mini mirrors in Monarch

Montana Free

Free-standing Shelving System

The Montana Free shelving system is a new furniture for a new way of living. Stand-alone shelf, easy to assemble, irresistibly moveable. The Montana Free shelving system consists of 12 fixed compositions that come with or without an inserted shelf. Add the flexible textile panels for a touch of colours and alter the transparency of the shelving as desired.

Das Montana Free-Regalsystem ist ein neues Möbel für eine neue Lebensweise. Ein freistehendes Regal, einfach zu montieren, unwiderstehlich beweglich. Das Montana Free-Regalsystem besteht aus 12 festen Kompositionen, die mit oder ohne Zwischenboden erhältlich sind. Fügen Sie die flexiblen Textilscreens für einen farbliche Note hinzu und ändern Sie die Transparenz des Regals nach Wunsch.

Patterns at play

A STRIKING SPIN ON TRADITIONAL DÉCOR

Here's to lush African warmth, flamboyant Mediterranean sculptures, and proud Danish design traditions. Surround yourself with warm, earthy tones and keep things fresh with green plants, colourful décor, and a striking tone for contrast. Watch how colours and patterns play in the light as brownish hues like Balsamic, Masala, and Hokkaido make the mind wander towards beautiful desserts, spice markets, and landscapes far away and pull it all back to the cold north with softer hues like Mushroom, Oat, and Amber – or the striking blue Monarch, so dense it's almost clear, blue pigment.

Montana Mega

A new look and an easier choice

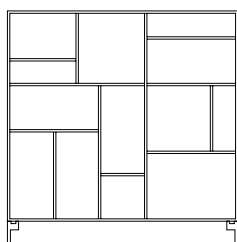

Montana Mega expands the Montana System with new sizes and a new approach; three heights, one width, one depth, and fixed configurations. A haven of simplicity compared to the classic Montana System's almost endless possibilities. The Mega-modules are a new look and an easier choice.

Die neue Serie Montana Mega erweitert das bestehende Montana System um neue Größen und einen ganzheitlich neuen Ansatz; drei Höhen, eine Breite, eine Tiefe und festgelegte Konfigurationen. Ein wahrer Traum von Einfachheit im Vergleich zu den nahezu endlosen Möglichkeiten des klassischen Montana Systems. Die Mega-Modul verfolgen einen neuen Look und sind schlichtweg die einfachere Entscheidung.

Colourful experiments — in the kitchen

The Panton Wire System was designed by Verner Panton in 1971. The wire shelf is raw yet elegant, light yet industrial in its design. The Panton Wire comes in two depths and several colours and can be used individually or in a combination – on the floor, hanging on the wall or as room dividers.

Spice up — your bathroom

Create a colourful sanctuary of wellness and self-care with new additions made from water-resistant MDF. All tops are made in Rector®, and you can choose between three different finishes.

Soothing sanctuary

JOIN THE CALM COLOUR COCOON

This is your invite to join the soothing sanctuary and enjoy the relaxing, meditative mix of bright pastels and chalky, burnt tones. A quiet juxtaposition between the soft and calm – and the playful candy colours. Burnt notes like Hazelnut, Balsamic, and Mushroom will create a calm and tranquil atmosphere, so pristine you can almost hear them calling out for Iris, Rhubarb, and Caribe to come pep up the place. Just a little bit. So it doesn't become all too quiet in the cocoon.

A philosophy of freedom

Montana is a family-owned, Danish company that proudly delivers on quality, craftsmanship, and long-lasting products – while offering you endless possibilities to create the look that's just right for you.

In 1954, naval officer Peter J. Lassen followed his curiosity into the furniture industry, where he worked with renowned Danish architects and designers such as Arne Jacobsen, Jørn Utzon, Piet Hein and Verner Panton for many years, before he founded Montana Furniture in 1982.

Montana is based on his philosophy; that every one of us has a need for freedom and a natural desire to create our own personal spaces.

Peter J. Lassen passed away peacefully after a brief illness on August 15, 2019, in his home in northern Zealand, Denmark.

Montana ist ein dänisches Unternehmen in Familienbesitz, das sich seiner hochwertigen, handwerklich einwandfreien und nachhaltigen Produkte rühmt – und Ihnen gleichzeitig endlose Möglichkeiten bietet, um den Look zu schaffen, der genau zu Ihnen passt.

Im Jahr 1954 gab Marineoffizier Peter J. Lassen seiner Neugier für die Möbelindustrie nach, um viele Jahre mit dänischen Architekten und Designern wie Arne Jacobsen, Jørn Utzon, Piet Hein und Verner Panton zusammenzuarbeiten, ehe er 1982 Montana Furniture gründete.

Montana basiert auf Lassens Philosophie, dass wir alle das Bedürfnis nach Freiheit haben und das natürlichen Verlangen hegen, unsere eigenen persönlichen Freiräume zu schaffen.

Peter J. Lassen ist am 15. August 2019 nach kurzer Krankheit friedlich in seinem Haus im Norden von Seeland, Dänemark, verstorben.

Peter J. Lassen
(1930 - 2019)

2022/2023

Buy now keep forever

*Products that can delight even your
grandchildren's grandchildren.*

The flexible nature of Montana means that you can transform your modules almost endlessly and enjoy your high-quality furniture your whole life. You can add more modules if your home grows, rearrange your existing ones to suit a new purpose, split them across multiple rooms, and always add new colours if you feel like brightening up the mix. And if one day, you're ready to hand over your Montana collection, we've made sure that the modules are durable and lasting for many generations to come, making Montana a sound investment.

Dadurch dass Montana so flexibel ist, gibt es unendlich viele Möglichkeiten, Ihre Module zu verwenden, sodass Sie ein Leben lang an Ihren hochwertigen Möbeln Freude haben werden. Wenn Ihr Zuhause wächst, können Sie Module hinzufügen, Sie können bereits vorhandene anders als zuvor verwenden, sie in unterschiedliche Räume aufteilen und neue Farben hinzufügen, falls Ihnen nach etwas Abwechslung ist. Und wenn Sie dann irgendwann mal bereit sind, Ihre Montana-Sammlung abzugeben, haben wir sichergestellt, dass die Module langlebig sind und über Generationen hinweg halten, was Montana zu einer guten Investition macht.

“Montana is always new”

PETER J. LASSEN

Renew. Revive. Refresh.

Do you feel like something new? Change a shelf, get a new back panel, switch the castors, revamp your modules with striking handles in a complementary colour or add a brand new set of colourful legs.

No matter if you are a first-timer, or if you have had Montana for many years, the strength of the system is that it is inherently sustainable.

Explore our components online and contact your nearest Montana retailer if you need guidance on how to customise your existing shelving module with accessories from the Montana System.

Haben Sie Lust auf etwas Neues? Wechseln Sie ein Regal aus, holen Sie sich eine neue Rückwand, tauschen Sie die Rollen aus, erneuern Sie Ihr Modul mit markanten Griffen in einer Komplementärfarbe oder fügen Sie einen neuen Satz farbenfroher Beine hinzu.

Ganz gleich, ob Sie ein Neueinsteiger sind oder Montana schon seit vielen Jahren verwenden – die Stärke des Systems liegt darin, dass es von Natur aus nachhaltig ist.

Erkunden Sie unsere Komponenten online und wenden Sie sich an Ihren nächstgelegenen Montana-Einzelhändler, falls Sie Hilfe bei der Anpassung Ihres bestehenden Regalmoduls mit Zubehör aus dem Montana-System benötigen.

Refresh your dresser by adding a coloured plinth, a top module, and a mirror. Give the composition a new look with handles in a contrasting colour.

Give a shelving module new life by adding coloured shelves, trays, castors, and a top panel.

Designed by you — manufactured by us

The strength of the Montana System is the infinite number of ways in which you can combine colours, modules, components, and accessories to get the style that feels genuinely “you”.

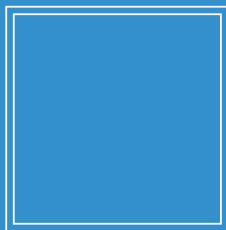

Expressing your personality in three easy steps:

1. Choose modules
2. Choose components, accessories, and position
3. Choose colours

Die Stärke des Montana-Systems sind die unendlichen Möglichkeiten zur Kombination von Farben, Modulen, Komponenten und Zubehör, um einen wirklich individuellen Stil zu erhalten.

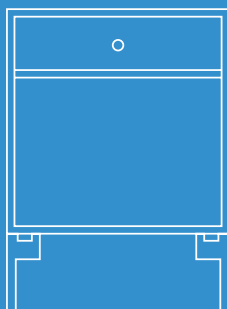

Sie können Ihrer Persönlichkeit in drei einfachen Schritten Ausdruck verleihen:

1. Module auswählen
2. Komponenten, Zubehör und Position auswählen
3. Farben auswählen

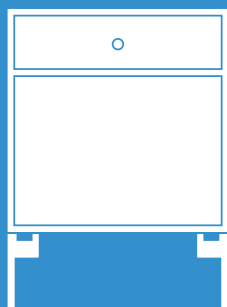

Size

Choose between 36 modules
and 4 depths

Customise

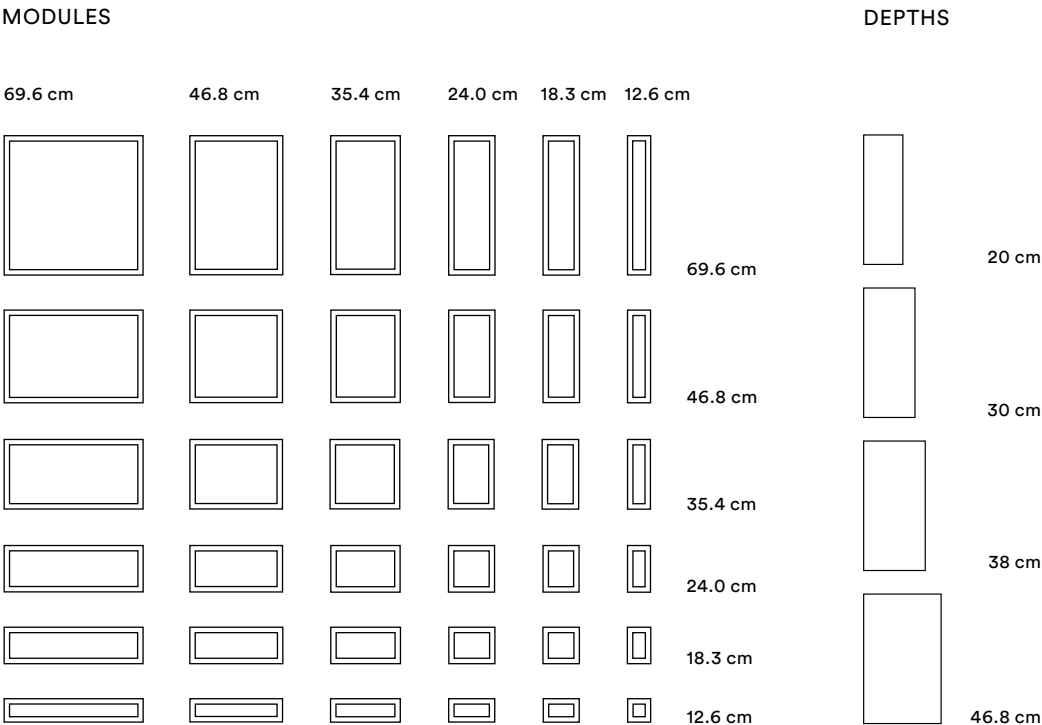

Choose between components
and positions; suspension rail, legs,
plinth or castors

Colour

Choose between 40 water-based
lacquer colours and 2 veneers

Size
36 modules / 4 depths

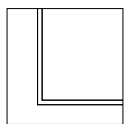

First, you need to create the design and choose between our basic modules. They are available in various sizes, so you can build with different depths, heights, and widths. Make your own combinations to suit your home.

Zunächst müssen Sie den Rahmen erstellen. Das tun Sie, indem Sie sich zwischen unseren Grundmodulen entscheiden, die in unterschiedlichen Größen erhältlich sind, so dass Sie in die Tiefe, Höhe und Breite bauen können. Erschaffen Sie Ihre eigenen Kombinationen, so dass sie zu Ihrem Zuhause passen.

Create your own personal look and choose from our vast catalogue of shelving, doors, drawers, trays, and lighting. You must also decide whether your Montana design should be placed on a plinth, legs, castors or mounted on the wall.

Erschaffen Sie Ihren individuellen Ausdruck und wählen Sie das Passende aus unserer breiten Palette an Regalböden, Türen, Schubladen, Tablett und Beleuchtung aus. Sie müssen auch entscheiden, ob Ihr Regal auf einem Sockel, auf Beinen oder auf Rädern stehen soll oder an die Wand gehängt wird.

Colour

40 water-based lacquer colours and 2 veneers

Finally, you need to choose colours for your composition. To encompass all moods and ambiances, the Montana colour palette spans nuances from cold to warm, light to dark. Each colour has its own texture and surface.

Abschließend gilt es, die Farben für Ihre Komposition auszuwählen. Um jede Stimmungen und Atmosphäre einzufangen, umfasst die Montana-Farbpalette Nuancen, die von kalt bis warm und von hell bis dunkel reichen. Jede Farbe hat ihre eigene Textur und Oberfläche.

Montana Selection

Pre-designed furniture for all rooms

Montana Selection is a series of complete and unique storage modules for the home – from cabinets to mirrors, bookshelves and bedside tables. The series consists of furniture in pre-defined depths and positions, with corpus, back, front and handles in the same eco-friendly colour. It means fewer decisions for you.

Montana Selection ist eine Serie kompletter und einzigartiger Aufbewahrungsmodule für zu Hause – die von Schränken über Spiegel, Bücherregale bis hin zu Nachttischen reicht. Die Serie besteht aus Möbeln in vordefinierten Tiefen und Positionen mit Korpus, Rückseite, Vorderseite und Griffen in derselben umweltfreundlichen Farbe. Dies bedeutet, dass Sie weniger Entscheidungen treffen müssen.

MONTANA
KIDS

**LET'S PLAY
all day**

Montana

Let's play

A child's imagination is a source of wonder. Take them swimming and they'll turn into a shark. Play them a song and they'll pretend to know the lyrics. Give them a cardboard box and they'll create a castle.

At Montana we are firm believers in the power of bright, happy colours and their ability to keep our minds and hearts open, playful, and imaginative, no matter our age.

Montana Kids is a collection of our smallest pieces of furniture – for the littlest people in your household.

— all day

Kevi Kids swivel chair — from toddler to tween

As a general rule, children are not great at sitting still. And, honestly, who can blame them when there's a whole world of exciting new adventures around the corner – all the time! Giving them the freedom to move their body, while they're still in their seat, can provide a natural release of energy, which is exactly what some kids need to stay focused.

Small desk — big ideas

The Monterey Kids table is a chunky table with rounded edges and corners for creative play with colours and crayons – or study time, scribbling the very first letters. The table is EU Ecolabel certified and available in 40 water-based lacquer colours.

Spark creativity — with bright, bold colours

Creativity is messy, loud, and all over the place. It's mixing the modelling clay colours, throwing pillow-bombs from the castle tower, and adding pretty glitter to the house plants. Create a safe space for all the joyful chaos with the Mini Play box on castors.

My room — is my playground

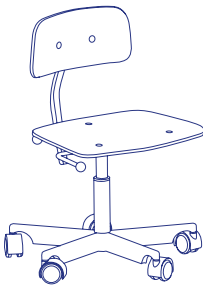

Montana Minis have the perfect size to function as a bedside table or as shelving for books and toys. Give it an extra layer of colour with a top plate. The small, versatile modules can be rearranged to suit different purposes and functions as your child grows.

Montana Kids — product overview

Montana Kids comprises EU Ecolabel certified storage modules, accessories, chair, and table in a playful palette for the kids' room.

KEVI KIDS

W 48 cm H 55 - 71 cm SH 31.5 - 41.5 cm D 46 cm

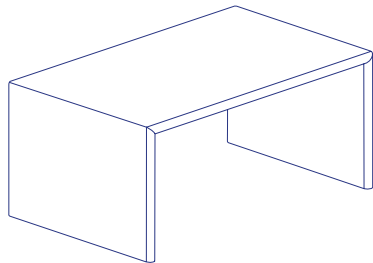

The Kevi Kids swivel chair with height adjustment is a smaller version of the original Kevi swivel chair from 1958. The chair is available with seat and back in moulded recycled polypropylene in 4 colours. The frame is powder coated aluminium in the same colour as the seat and back. The chair is suited for children in the age range of 3-12 years.

MONTEREY KIDS

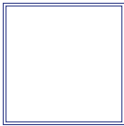

W 100 cm H 57 cm D 60 cm

The Monterey Kids table is made from 30 mm MDF and can be chosen in all of Montana's 40 lacquer colours. The table is delivered with a protective writing pad that measures 55.7 x 37 cm, only available in the colour Flint.

About Montana

Montana Furniture is a family-owned, Danish company leading within storage and furniture for private homes and office spaces. Since 1982, Montana Furniture has followed the philosophy that every one of us has a need for freedom to express ourselves – and a natural desire to create our own personal spaces. To honour that, Montana manufacture their own original series of highly flexible, modular systems in a wide range of inspiring colours as well as reproductions of Danish design icons.

**Let's create
playful spaces**

Montana

It's time to

— *work*

It's a new era

Our idea of what qualifies as a work space has been through quite the roller coaster. Words like home office, physical office, online classes, social distancing, and working remote snuck their way into vocabularies all over the world, as we collectively adapted to brand new ways.

Today, we've learned that we can work, lead, study or teach from pretty much anywhere, and our primary needs have changed from 'a desk and a chair' to simply having a reliable wi-fi connection. This is a great privilege regarding freedom of choice and many have experienced an improved work-life balance, but when it comes to creativity, joy, and unity, spending 8 hours working from one's kitchen table isn't much of a 'playful space', is it?

At Montana, we're experts on interior design and the effect of colours. Since 1982, our family-owned business has brought high-quality furniture and colours into private homes all over the world as well as large corporate offices, universities, executive board rooms, restaurants, lobbies, and concert halls.

Let's explore some playful spaces.

Let's catch up

Meeting your colleagues over lunch is one of the great benefits of working at the corporate office – and not from home.

Where else to get all the updates on everyone's home lives, their new favourite TV show or the funny sequel about their neighbour's weird cat?

Montana offers a wide range of matching, high-quality interior products. Flexible, multi-usage solutions that can be combined in a multitude of ways between sizes, styles, materials and colours.

Create small spaces for 2-4 people or invite everyone to join in at the long tables. Adding space dividers and smart storage solutions on casters will give you a fully flexible room – quickly made ready for anything from canteen to conference.

Moser Table in linoleum: Pistachio with Black Red frame // **Kevi** chair in Oyster

2022/2023

Table for two?
— or four, five, or twenty?

Furnish the café or canteen with foldable and stackable furniture. Pull out a bar stool for a conversation over a cup of coffee. Or sit down for a luxurious lunch break.

Sit well, think well

Create a café or canteen that transforms the daily breaks into a calm and relaxed environment for employees and colleagues to connect. Choose furniture that encourages small-talk and reinvigorates relations.

Save space — with stackable icons

After nearly 60 years on wheels, it was time to renew the Kevi chair. The sketches for the chair had been in Jørgen Rasmussen's archives for years and in 2016, it became reality. Kevi with four legs is a re-make of the classic swivel chair from 1958.

Verner Panton designed the Panton One chair in 1955. Montana relaunched the chair in 2003. Since then, Montana has developed a whole family of Panton One chairs, all based on Verner Panton's ideas and designs. →

Panton One chair in Paper Nature string with Beige frame

Let's change — it up

Stack it, fold it or roll it away. When it comes to furnishing the modern office, flexibility is key.

Over the past years, it has become a bit of a rare event that all employees work at the same office at the same time. As a direct consequence, some companies have decided to scale down to fewer square metres, save on rent and maintenance expenses, and start utilising the space they've got as intelligently as possible.

Choose stackable chairs, foldable tables, and clever storage systems on casters to create a multifunctional room, where you can host anything from daily lunches to quarterly kick-off's, casual Friday drinks or big corporate events.

CO16 system with plant box in Azure with magazine shelf in Pomelo and casters in Camomile

Stand, sit, or relax
— clever solutions for the flexible work space

Furniture build to breed ambitions and creative thinking. Spaces transformed into the right atmosphere make a daily difference and boost productivity.

Let's go — to work

Today, 'going to work' can mean anything from transporting yourself to a local café or an office building to simply stepping into your spare bedroom.

As a result, hybrid work, where employees switch between home office and corporate office, has become increasingly popular. So, how do you best make sure to cherish your team when they're working at the office? Let's explore.

Montana's wide range of flexible products can spark creativity in any workspace. Use colours and contrasts to create a vibrant and energetic ambience, go for comfort with proper chairs and height-adjustable desks, set up places for quick informal meetings, and remember the small nooks and private places, where people can go to clear their mind – or to simply work in a quieter setting.

Let's lead — by example

The spatial design of an organisation's executive level should make visitors feel welcome – and ideally, also a bit wowed.

This is the place to show your values as a company, as leaders, and to set the tone for important meetings. So, keep the coffee ready – and furnish your meeting rooms with sustainable, eco-certified, high quality furniture. Choose the best of tables, comfortable chairs, beautiful rugs, and elegant storage units for HiFi systems and AV equipment.

Go for clever storage solutions for the executive offices, so keeping it tidy isn't complicated, and prioritise height-adjustable desks with cable rows for wires and up/down adjustments neatly placed in the table top. And finally, rethink the 'standard' executive office and choose colours, styles, and art pieces that express each executive's leadership style: bold and experimental, wise and experienced, or positive and creative?

Montana 12mm system in Oregano

Clean lines, clean mind

Create an impressive executive office with the right balance of personality and professionalism ready to take on any task or conversation.

2022/2023

Superb details

Height-adjustable office chair and table in sophisticated and elegant finishes joining comfort and high-end aesthetics in its design.

2022/2023

Let's make good decisions

The real-life meeting has returned and just like in the good old days, we're back to having to act professional and civilised for – sometimes – many hours in a row.

Attendees can't just mute their mics and turn off the video to stretch their legs or grab a coffee in the kitchen. So, comfortable chairs, clever features, proper ventilation, and a nice and welcoming ambience are essential.

Thanks to high-quality materials and an impressive longevity, Montana is a sustainable choice with a low total cost of ownership. The wide range of matching interior products can be used for many years and for many different purposes, colourful changes and additions can be made as the years go by.

Ensure the well-being of attendees during longer meetings. Comfortable meetings set the scene for clear decisions.

Marée chair in Steelcut Trio 3 upholstery

2022/2023

Montana Noticeboard in Azure with Rosehip magnets

For colourful brainstorming
— or quiet little breaks

Marée chair in Flint with Steelcut Trio 3 upholstery //
Moser table in linoleum: Burgundy with Rosehip frame

Boost productivity through chromatic meeting spaces.
With a vast range of colours and many options you can
create exactly the ambience and character you aim for.

Let's make a first impression

Let's dress to impress. The entrance area is your first chance of making a good impression.

Do guests feel welcome? Do employees feel glad they showed up at the office, today? Will clients feel confident in your professionalism?

Make sure you're set up to make anyone feel welcome, guide the first-time visitors with small nudges or signs, and choose smart storage solutions for the reception desk, so the place can appear tidy throughout the day.

The entrance is a great chance to express the company's values and personality through design and colour choices. And you can even turn waiting into a nice thing: create a functional and calm space with lounge furniture, wardrobe, magazines, fresh plants, eye catching design, and free guest Wi-Fi.

Pantonova in Black Red with Velvet Sky cushion

Montana 12mm system in Monarch with Cumin magazine shelves //
Pantonova in Black Red with Sky Velvet cushions

Take a seat, please
— we'll be right with you

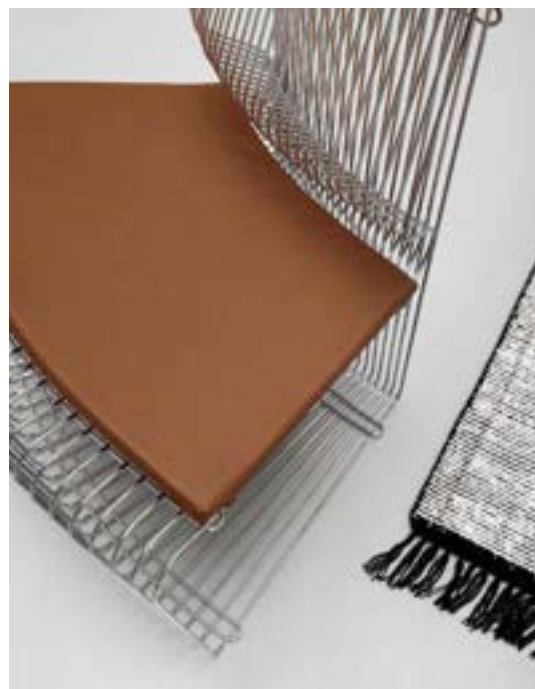

Create a lounge and reception that sets the right
ambience. Welcome visitors, guests, and employees
with an impressive impact.

An iconic Danish design

Combine the industrial and elegant Pantone Wire system with the curves of the Pantonova.

Safe for you — safe for the environment

At Montana, we take our environmental responsibilities seriously. Over 25 years ago, we introduced our own set of environmental accounts in consultation with The Danish Environmental Protection Agency.

In 2019, Montana was awarded the official EU Ecolabel and is thereby among the very first Danish furniture manufacturers to achieve it. When developing EU Ecolabel criteria for products, the focus is on the product's entire lifecycle, from raw material extraction to production, distribution and disposal.

The EU Ecolabel guarantees:

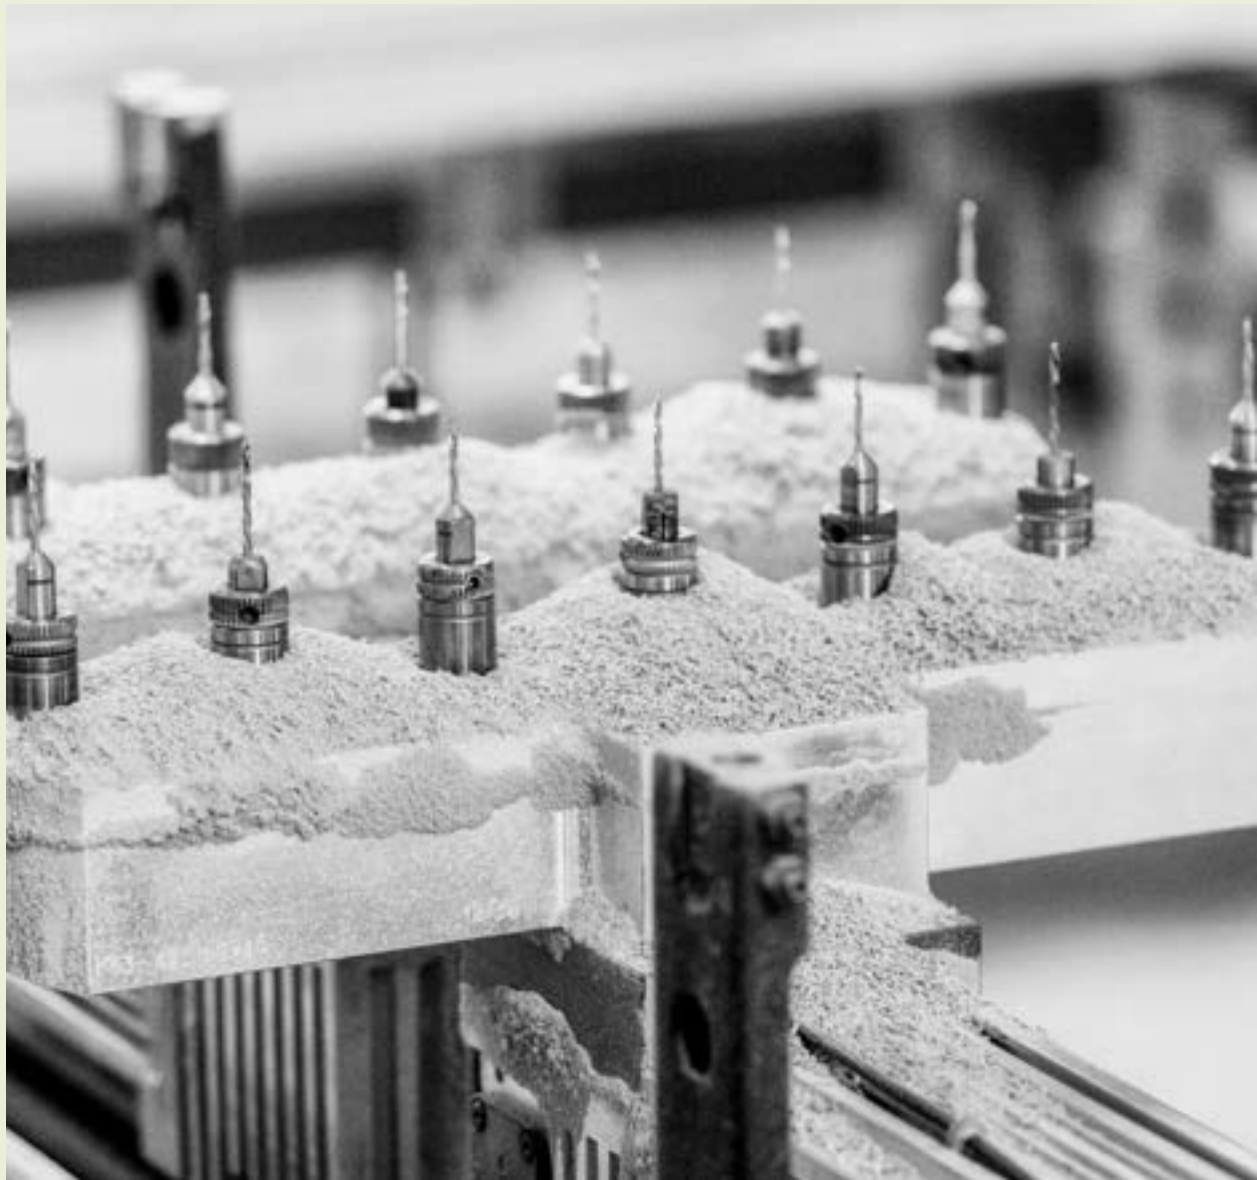

- that a high percentage of wood is from legal sustainably managed forests
- tough restrictions on the use of environmentally hazardous substances
- tough restrictions on the use of toxic substances
- that wood has low emissions of the allergenic substance formaldehyde
- a 5-year product guarantee (Montana has opted to retain its 10-year product guarantee)

Let's walk — *the talk*

Danish design — Danish manufacturing

The vast majority of our products are developed and made in Denmark. We have more than 180 employees under one roof, all applying their expertise in processing, lacquering and assembly. This ensures that our high standards of quality are maintained and that everything is produced under conditions that respect our workforce and the world around us.

Meet our designers

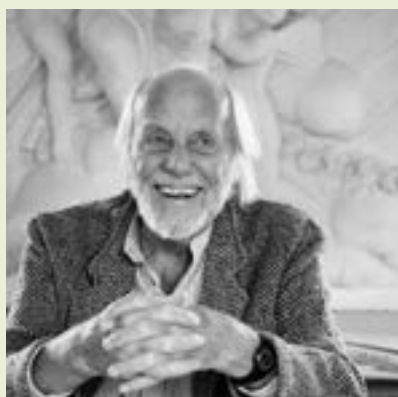

Montana Furniture has over the years entered collaborations with both Danish and international designers to launch new and relaunch design icons.

Peter Lassen

GOOD DESIGN DEMANDS HONESTY AND RESPECT

In 1982, Peter J. Lassen founded the family company, Montana Furniture. Montana is based on Lassen's philosophy; that every one of us has a need for freedom to create our own personal spaces.

Jørgen Rasmussen

RETHINKING FUNCTIONALITY AND
OPTIMISING A DESIGN

He graduated from the Royal Danish Academy of Fine Arts in 1955 and in 1957, Jørgen and his twin brother, Ib, started their own studio with a focus on single-family houses. In 1958, he designed the Kevi chair.

Margrethe Odgaard

COLOUR ALCHEMIST –
COLOURS ARE LIGHT. AND LIGHT IS LIFE

Margrethe Odgaard graduated in 2005 from The Royal Danish Academy of Fine Arts, School of Design in Copenhagen. In 2019, Montana launched a new colour palette developed in collaboration with colour expert Margrethe Odgaard.

Verner Panton

YOU SIT BETTER ON A COLOUR YOU LIKE

Verner Panton is considered one of Denmark's most influential 20th-century furniture and interior designers, not to mention one of the most avant-gardes. During his career, he created innovative and futuristic designs in a variety of materials and in vibrant, exotic colours.

Jakob Wagner

UNVEAL THE ESSENTIAL – QUALITY, FORM AND FUNCTION

Jakob Wagner is a Danish award-winning designer. He has received numerous awards, including six iF Awards, three Red Dot Awards, Bundespreis and Designer of the Year.

Erik Magnussen

SIMPLICITY AND FUNCTIONALITY

Erik Magnussen graduated as a ceramicist in 1960 and started working for highly esteemed Bing & Grøndahl as an industrial designer. First and foremost, design should be functional and durable. This is indeed the case for the Chairik series designed in 1996.

Jens Martin Skibsted

THE WORLD NEEDS MORE SUSTAINABLE CHAIRS

Jens Martin Skibsted, born in 1970, is a multiple award-winning designer, Global Partner at Manyone, and founder of the bicycle company Biomega and KiBiSi.

Kasper Mose

SPACE, PROPORTIONS, LIGHT AND MATERIALS

Kasper's work is a fusion of tradition and renewal, with a curious and experimental approach to seek out new possibilities of space, proportion, light and materials. Kasper has gained solid experience from working at leading Danish architectural firms such as Arkitema and Friis & Moltke Architects.

Product —

overview

KEVI

— the iconic office chair

The Kevi chair has set the scene across the world from universities in the UK to primary schools in Denmark and design offices in Japan. After 60 years on the market, the chair is still as relevant today as it was in 1958.

Design by Jørgen Rasmussen

SPECIFICATIONS

The original Kevi chair from 1958 was a swivel chair on casters. The Kevi chair family comprises models on casters in 4 heights and various models. The four-legged Kevi chair with seat and back comprises dining, counter, bar and lounge models – all stackable, except 2052 and 2053. The Kevi stools come with casters and without casters in 3 heights. Kevi tables are available in Ø90 cm in H 72 cm and H 36 cm.

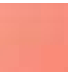

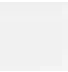

MATERIALS & COLOURS

The Kevi chairs on casters have a 5-star base in aluminium. Seat/back are available in Nature Oak and 8 lazure colours: Black, Pine, New White, Oyster, Shadow, Azure, Hokkaido, Rhubarb. Caps in Black or Aluminium.

The Kevi Air version is made in polypropylene in the colours Black or White.

The Kevi 2070 is made in compression moulded veneer legs, seat and back in two veneer finishes: Nature Oak and Black Oak.

The Kevi 4-leg series has legs in polished chrome or powder coated in 8 colours same as seat and back. Seat and back are available in Nature Oak and 8 lazure colours: Rhubarb, Hokkaido, Azure, Pine, Shadow, Oyster, New White, Black.

					
151 Rhubarb	162 Hokkaido	154 Azure	136 Pine	147 Shadow	156 Oyster

MARÉE

— a chair family in recycled plastic

The characteristics of Marée are the refined and rational approach that manifests itself in the straight lines and lack of superfluous details. Marée, meaning tide in French, has a seat made in 100% recycled plastic and is available in eight curated Montana colours, with legs in both chrome and powder coated finishes.

Design by Jens Martin Skibsted

SPECIFICATIONS

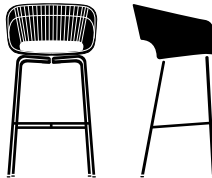

The Marée chair series comes many models – dining, counter, and bar – and as meeting chair with 4-star base, 5-star swivel base with gas lift and tilt with foot in recycled plastic Ø70 cm or black aluminium Ø64 cm. The chairs have plastic gliders. Marée has a max. load of 150 kg. The dining chair version is available in an outdoor version.

MATERIALS & COLOURS

The frame is made of polished chrome steel or powder coated steel. The shell is cast in 100% molded recycled plastic PP with 15% glass fiber. Colours available on shell and frame: Oat, Mushroom, Amber, Beetroot, Flint, Parsley, Anthracite, Black.

MARÉE 405 5-star with gas lift and tilt (foot in Black/Aluminium)	MARÉE 406 5-star with gas lift and tilt (foot in recycled plastic)		

ENVIRONMENT

Marée (without upholstery) has achieved the EU Ecolabel. The EU Ecolabel takes the whole product life cycle into account – from the extraction of the raw materials, to production right through to the recycling bin.

UPHOLSTERY

Marée is available with seat, inner side or fully upholstered in fabric or leather.

Marée in Amber, Parsley, Flint & Beetroot

CHAIRIK

— stackable comfort

Chairik equals stackable comfort. With extraordinary stacking performance, up to 45 chairs on each trolley, Chairik is the perfect space saver when stored. Chairik is made for audiences that come and go and, when stacked, you can store up to 1000 Chairik chairs in just 14 square meters.

Design by Erik Magnussen

SPECIFICATIONS

Chairik is available in two different sizes and various heights to suit the people, the situation, and the location. Chairik is versatile and available with different bases – four-legged, sled-base and 5-star swivel base – for different purposes. If you want armrests, simply choose the one you like the best. Max. load of 150 kg.

MATERIALS & COLOURS

The Chairik 4-leg frame is 16 mm tube and the sled base is 12 mm tube, polished chrome or powder coated in Black. Shell in compression molded plywood and plastic, Melamine, or veneer.

UPHOLSTERY

Chairik can be upholstered in fabric or leather. The chair is also available with seat upholstery, inner side upholstery or fully upholstered in two different thicknesses. Also available with on/off seat upholstery for ultimate flexibility.

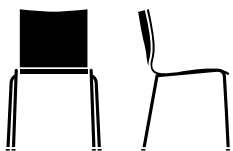

With the removable on/off seat upholstery attached to magnets you can easily change the look of the chair from an unupholstered to an upholstered chair.

AVENY-T

— a young chair for a broad audience

The Aveny-T chair is the perfect answer to a demanding brief with its lightness, expressive lines, and modern combination of materials – recycled plastic in a terrazzo composite-like look in combination with a black powder coated sled-shaped frame.

Design by Anders Engholm

SPECIFICATIONS

The Aveny-T Chair has a simple and elegant black powder coated frame with a seat and back in recycled plastic developed by A Circular Design Studio. The back is designed with a small bend, which forms an armrest when sitting on the chair sideways. The measures are H 77.5 x SH 47 x B 49 x D 52 cm. Aveny-T is stackable and stacks 10 on the floor and 20 on a trolley. The chair is only available for indoor use, and can take a max. load of 110 kg.

MATERIALS & COLOURS

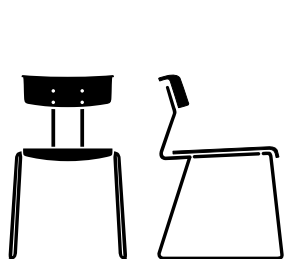

The Aveny-T has a sledbase in Ø11 black powder coated steel. The frame is equipped with gliders. The back and seat are made in 100% recycled plastic collected from household waste, beaches or companies locally in Denmark – only available in one finish/colour: Circular Multicolour. Plastic: LDPE (low density polyethylene) and HDPE (high density polyethylene).

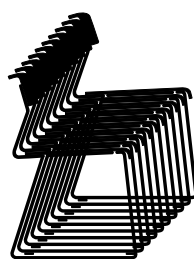

COMPONENTS

Trolley for 20 chairs

MODEL

AVENY-T

STACKED

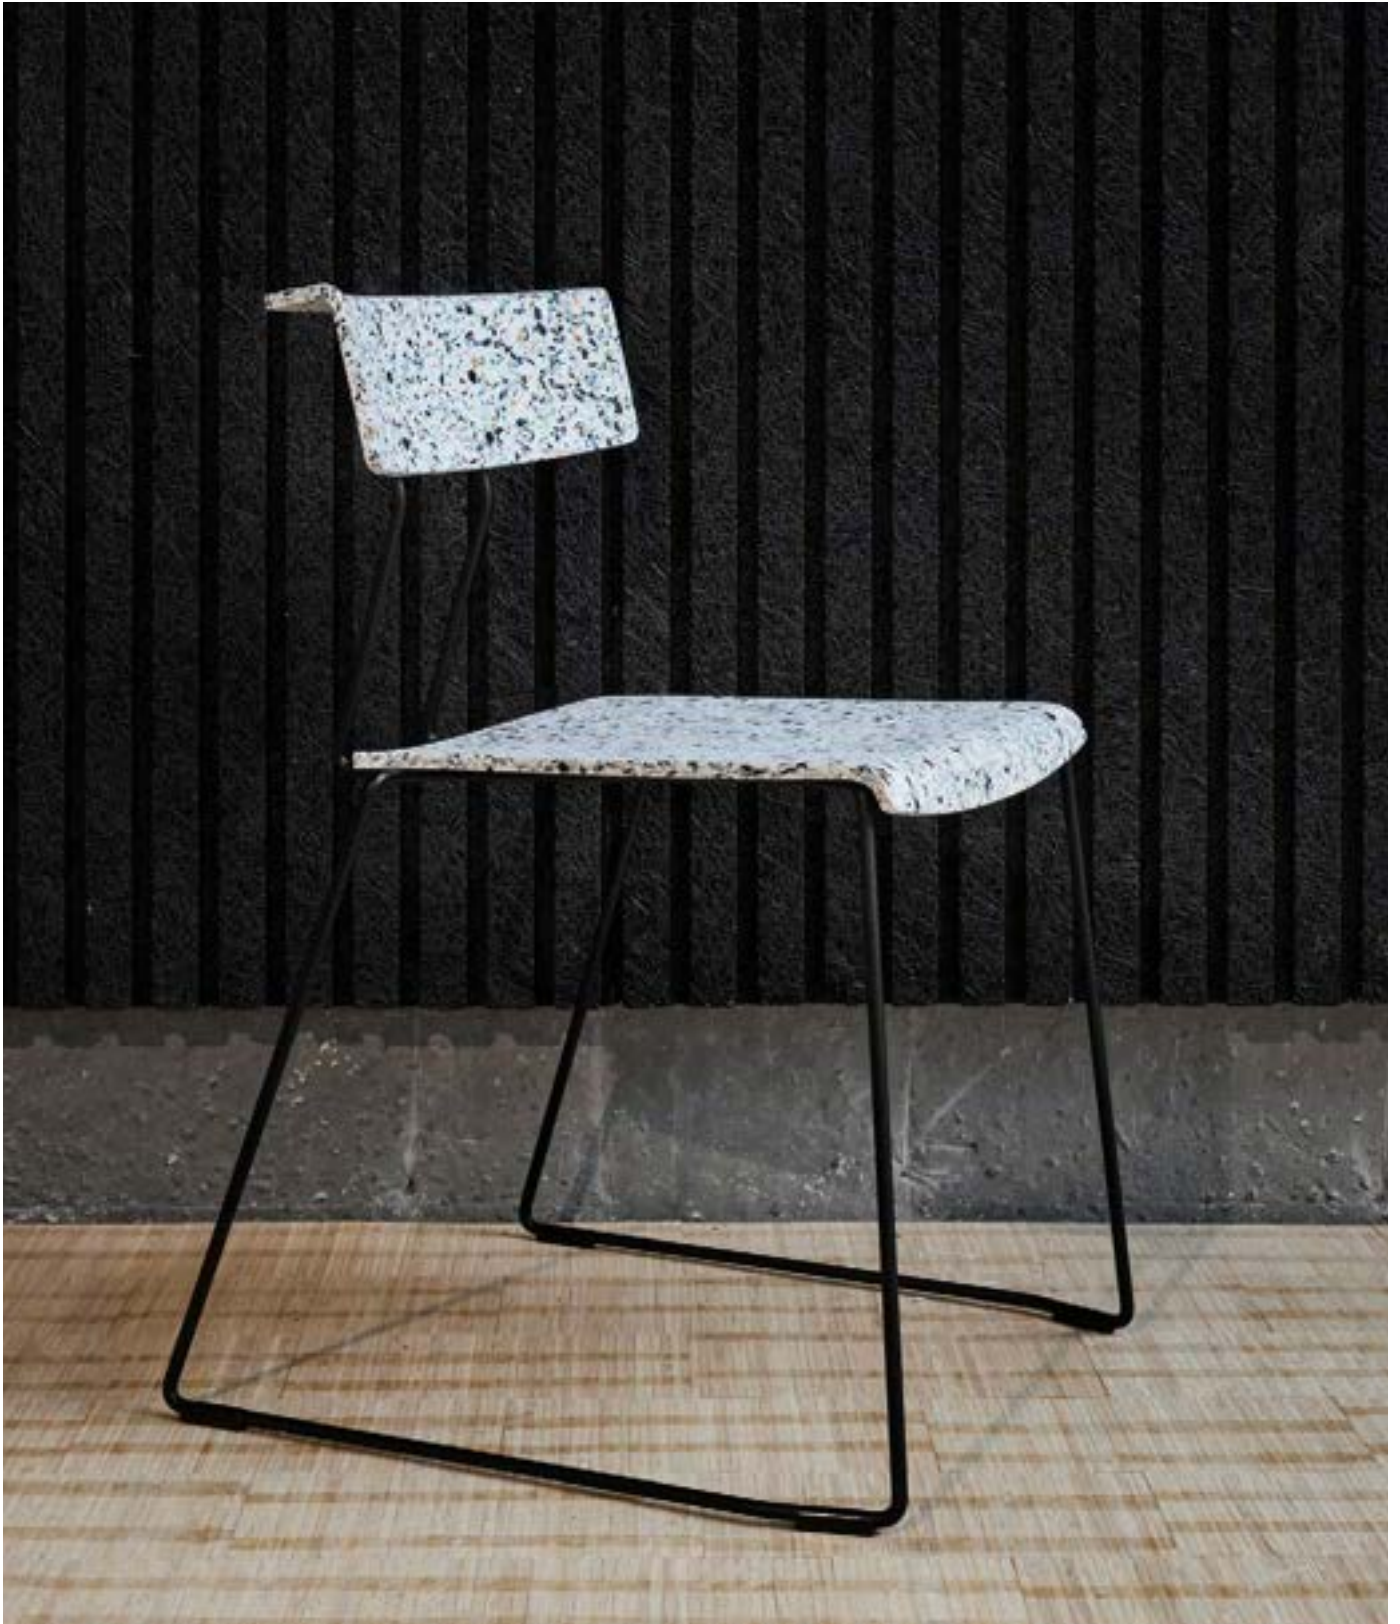

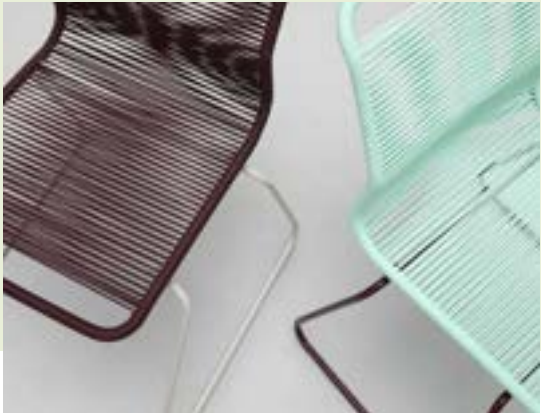

Photo: Enok Holsegaard

Aveny-T was originally designed for the Aveny-T Theatre in Copenhagen. A theatre with a young audience as its target group, naturally demands a chair that is both functional, minimalistic, and full of character.

PANTON ONE

— a handwoven chair family

The Panton One chair family, designed in 1958, is a stackable, colourful darling that allow cord and frame colour to be combined as you wish. The family comprises dining, bar, counter, and lounge versions in both indoor and outdoor versions.

Design by Verner Panton

SPECIFICATIONS

The seats of the Panton One chairs are hand-woven using polyurethane cord on a core of nylon, available in 8 different colours or in paper weave in 2 colours. With a stainless steel frame and polyurethane cords, the chairs can be used indoors and out. With powder coated frame, chrome frame or paper weave the chair is not suitable for outdoor use. The chair stacks 10 on trolley and floor. Max. load: 150 kg. The lounge chair is not available in paper string or chrome frame.

ENVIRONMENT

The Panton One chair series is EU Ecolabel certified. The paper string is FSC-certified.

MATERIALS & COLOURS

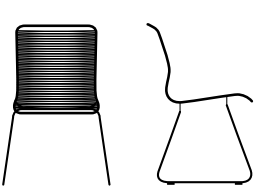

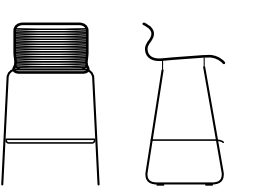

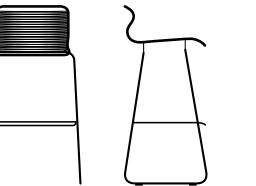

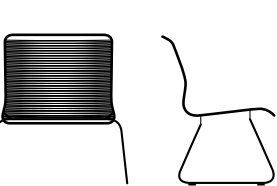

The frame is available in stainless steel (for outdoor), polished chrome and powder coated in the colours: Beige, Silk Grey, Black Red and Black. The seat is handwoven in FSC-certified paper string (only indoor use) in the colours: Paper Nature and Paper Black – or in polyurethane cord with a nylon core (for indoor and outdoor) in the colours: Duke, Holmes, Clark, Vincent, Carmen, Marylinn, Marcel, Scarlett.

PANTONOVA

— a modular seating system

The Pantonova System was designed by Verner Panton in 1971 and consist of three different seating modules: Linear, Concave and Convex. The sculptural chairs can be used alone or combined in various organic shapes like a circle, a wave or an S-shape.

Design by Verner Panton

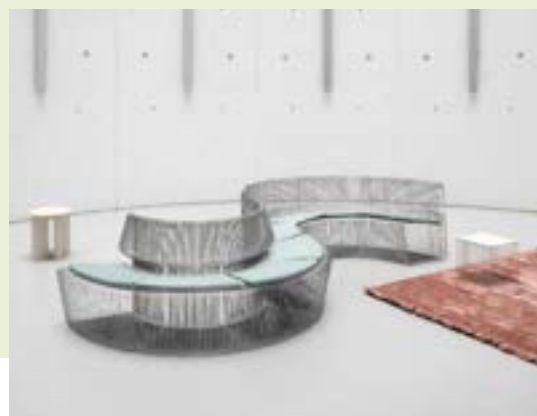

SPECIFICATIONS

The Pantonova seating modules are available in 3 versions: Linear, concave and convex, which can be assembled in different formations using connectors and assembly clips. The chairs are fitted with plastic feet. The seating modules can take a max. load of 130 kg.

MATERIALS & COLOURS

The frame is made from 5 mm wire available in Chrome, powder coated Black Red or Stainless steel for outdoor use.

Cushions are available in the fabrics Harald and Hallingdal 65 from Kvadrat, and ULTRA leather from Sørensen Leather. The cushions are 3.5 cm thick and are available in 8 colours.

ENVIRONMENT

The Pantonova seating system is EU Ecolabel certified.

SZENE

— auditorium chair

The Szene chair is originally designed for the auditorium in Axel Towers, located next to the Tivoli Gardens in central Copenhagen. The idea was to create a chair, which was classic, but at the same time with an organic expression to suit the shape of the auditorium and the rest of the buildings.

Design by Lundgaard & Tranberg Architects

SPECIFICATIONS

The Szene auditorium chair are mounted to a wall or a podium. Szene is available in a wall mounted auditorium chair version or with cantilever frame. The chair measures H 56 x W 58 x D 43-61.

MATERIALS & COLOURS

The shell is made in compression moulded veneer. The wall bracket in steel, powder coated black. The seat is moulded foam. The Szene cantilever frame is made in 25 mm tube, in polished chrome or powder coated in black.

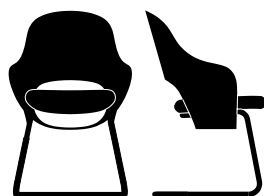

UPHOLSTERY

Available with seat upholstery, inner side upholstery and fully upholstered in fabric or leather.

A classic chair
— with an organic expression

In close collaboration with Lundgaard & Tranberg Architects, the Szene chair was developed as an auditorium chair for the auditorium in Axel Towers. With its 5 round towers, Axel Towers is located next to Tivoli Gardens in central Copenhagen.

MOSER TABLE

— versatile folding table

Moser is a versatile table series that comes in many sizes, both round and rectangular in a range of heights, colours, and finishes. The Moser Table is available with both straight gables and angled gables – and some sizes come with a fold function that makes it the perfect table choice for multi-functional spaces.

Design by Kasper Mose

SPECIFICATIONS

The Moser Table comes in 10 rectangular sizes and 3 heights (dining H 74 cm, counter H 90 cm and bar H 105 cm) choose either angeled or straight gable. The Moser table with round table top comes in Ø90, and Ø120. Both in H 74 cm and with the angled gable. All of the Moser Tables are shipped knock down. The tables fold by tipping the table upright and releasing the handle that locks the frame. When folded Moser fits 7 tables on a trolley.

COMPONENTS

- Linking device
- Chair suspension (Kevi, Chairik)
- Gliders

MATERIALS & COLOURS

The frame is available as standard powder coated in Black, Snow, Beige, Black Red, Shadow, Pine or Rosehip. The tabletop is available in linoleum and laminate.

JW TABLE

— a table that exudes lightness

The JW Table has a light frame resembling origami that carries the top with a graceful elegance. The table is available in 8 standard sizes, both round and rectangular – the table is suitable for meeting or conference rooms.

Design by Jakob Wagner

SPECIFICATIONS

The JW Table comes with a rectangular top in a choice of 4 sizes: 100 × 200 cm, 100 × 240 cm, 120 × 240 cm, and 120 × 320 cm. In the round version the table is available in Ø120, Ø140, Ø160, and Ø180 cm. The table can carry a max. load of 80 kg, evenly distributed on the tabletop.

MATERIALS & COLOURS

The frame comes as standard powder coated in Black, Snow, Beige, Black Red, Shadow, Pine or Rosehip or, at an additional charge, in polished aluminium.

The JW tabletop comes in linoleum, laminate, nano laminate, veneer or solid wood. Laminate, linoleum and veneer tops are 22 mm thick, and the solid wood tops are 30 mm thick. Please notice that not all table sizes come in all finishes. The height of the laminate, linoleum and veneer tabletop is 73 cm. The table with solid wood panels measures 74 cm in height.

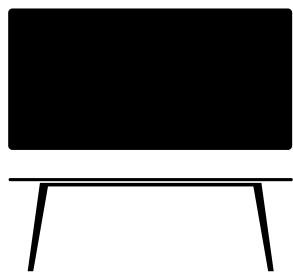

ENVIRONMENT

The JW Table series is EU Ecolabel certified.

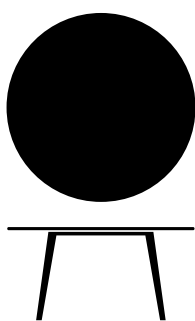

COMPONENTS

Extension leaves (cannot be retrofitted)

HILOW 2

— height-adjustable table

HiLow 2 is an electric height-adjustable table that can be adjusted for both seated and standing work. The edge profile of the tabletop is the classic milled Montana profile and the depth allows plenty of room for a keyboard, screen, support for the arms, and good visual distance.

Design by Peter J. Lassen & Joakim Lassen

SPECIFICATIONS

The HiLow 2 series is a versatile height-adjustable table that comes in 8 standard table sizes and with 4 different frame types (fix round, DL5, DL6, and DL11). HiLow Double is available in 4 standard sizes. HiLow Double comes with tabletops in widths of 180, 160, and 140 cm – all in the depth of 80 cm. The height-adjustment of the table ranges from 61.9 cm to 125.4 cm. The HiLow can bear a max. load of 120 kg evenly distributed on the surface.

MATERIALS & COLOURS

HiLow/HiLow Double frames are available in aluminium as standard, or powder coated in Black or Snow. The HiLow 2 DL11 frame is also available powder coated in Beige, Black Red, Shadow, Pine, and in polished aluminium at an additional charge.

HiLow tabletops are supplied in micro laminate, laminate, nano laminate, linoleum and veneer. Standard tabletops have edges in painted MDF to match the surface. All HiLow tabletops are manufactured with an MDF core. Veneer and laminate are 20 mm thick; linoleum has a thickness of 21 mm.

EXAMPLES

DENMARK**

HILOW 3

— functional workstation

The HiLow 3 table has a clean design and is a versatile table for office environments or in the home office. The tabletop has Montana's classic rounded profile – the table comes in many sizes and finishes.

Design by Peter J. Lassen & Joakim Lassen

SPECIFICATIONS

The HiLow 3 frame has a square leg profile and is available in 7 sizes – W 70, 80 and 90 cm and L 120, 140, 160, and 180 cm. The foot is made of polyamide PA6 30% glass (recycled material). The tabletop has Montana's classic rounded profile – however, the smallest size has straight ends. HiLow 3 can bear a load of up to 120 kg evenly distributed on the tabletop.

MATERIALS & COLOURS

The frame is made of powder coated steel in colours Black and Snow and the foot is moulded in PA6 plastic. Frames and feet come as standard in the colour Aluminium.

The tabletops come as standard with lacquered MDF edges that match the surface – the finishes available are micro laminate, laminate, nano laminate, linoleum and veneer.

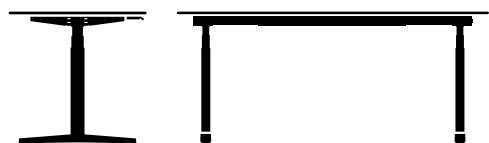

ENVIRONMENT

The HiLow Table series is EU Ecolabel certified.

COMPONENTS

- Cable trays
- Wire ducting
- Lamp Holder
- Power dots
- Quickbox
- Charger
- Cable stockings
- Control switches
- Plug well / plug panels
- Paper basket
- Pen tray
- CPU-holder
- Privacy screens

HILOW CONFERENCE

– for standing and seated meetings

The HiLow Conference meeting tables are available with height-adjustment function and can be used as conference, meeting, or workshop tables. Plug wells enables attendees to connect to power. The frame is designed to free up legroom everywhere.

Design by Peter J. Lassen & Joakim Lassen

SPECIFICATIONS

The conference tables are available with electric height-adjustment and with manual fix adjustment. Tabletops come as standard with edges in lacquered MDF to match the surface. The table is available in W 120 cm and L 400, 320, 240, and 200 cm.

MATERIALS & COLOURS

The frame is supplied powder coated in the colour Aluminum as standard. The frame is also available in the colours Snow or Black at no additional charge, and the colours Beige and Black Red are available for frame with DL11 columns at an additional charge. Chrome leg profiles are available at an additional charge.

The tabletops are available in laminate, linoleum, veneer and nano laminate. The tabletops come as standard with edges in lacquered MDF to match the surface.

ENVIRONMENT

The HiLow Table series is EU Ecolabel certified.

SHL TABLE

— a height-adjustable executive desk

The SHL Table is an elegant height-adjustable desk with end gables that give it a solid, yet sophisticated look. The table is perfect for the executive office or as a reception desk and can be outfitted with various components.

Design by SHL design

SPECIFICATIONS

The SHL Table is available in 2 sizes, D 90 x W 181.7 cm and D 90 x W 201.7 cm, with an electric height-adjusting function that can be adjusted for both seated and standing work. The depth of the tabletops provides plenty of room for keyboard, screen, armrest, and good viewing distance. The frames are designed to provide free leg space. The tables have electric height-adjustment with full covering from end pieces in both the highest and lowest positions. End pieces and other components are only available in Snow and Black. SHL Table is delivered with cable tray.

MATERIALS & COLOURS

End pieces and other components are only available in Snow and Black.

SHL Tabletops are available in laminate, linoleum, veneer and nano laminate. The laminate tabletops have lacquered MDF edges to match the surface. Linoleum has linoleum edges. Tabletops in Black Oak, Nature Oak or White Oak have a solid wooden edge strips in the same material.

COMPONENTS

Cable trays
Wire ducting
Lamp Holder
Power dots
Quickbox
Charger
Cable stockings
Control switches

EXAMPLE

SHL TABLE

An impressive desk
— for the executive office

SHL Table was designed by Schmidt Hammer Lassen Architects for Montana, in 2007. The height-adjustable desk, with its elegant gable and clean lines, is based on a manual version that the architects designed for their own office.

MULTI TABLE

– a versatile table for many contexts

The versatile and elegant Multi Tables are ideal for both café and canteen areas, for meetings and conferences, or as a work desk. The series consists of three different types of tables – Multi Table, Multi Café and Multi Speaker.

Design by Peter J. Lassen & Joakim Lassen

SPECIFICATIONS

The Multi Tables are available in 11 table sizes in lengths from 120-400 cm in H 72 cm. Multi Table has round Ø60-mm columns. The Multi Tables can carry a max. load of 100 kg evenly distributed.

The Multi Café tables are available in 9 sizes and come in two different shapes – round and square in 4 standard heights. With gas height-adjustment, the height range is 74-114 cm. Multi Café tables can carry a load of max. 20 kg.

The Multi Speaker is ideal for use in conference rooms or large teaching rooms. The lectern, with its sloping panel, enables the speaker to place a script or laptop computer at a good, standing, working height. The Multi Speaker is available in 2 fixed heights and with pneumatic height-adjustment.

MATERIALS & COLOURS

Multi Table and Multi Café tabletops are available in laminate, micro laminate, linoleum and veneer. However, micro laminate is not offered for the Multi Speaker and not all tabletop sizes come in this material. The tabletops come as standard with edges in lacquered MDF to match the surface. The leg profile is a round Ø60-mm column, which is available powder coated in the colours Aluminium, Snow, Black, Beige, Black Red, Shadow and Pine. Feet in chrome and leg profile in polished aluminium are available at an additional charge.

MONTEREY

— table, bench, high desk

Monterey is a flexible table and bench system with a chunky look and a simplistic design. Bench, counter, or standing desk – Monterey can be applied in many ways. Monterey can be outfitted with casters and cable grommet.

Design by Peter J. Lassen

SPECIFICATIONS

Monterey comes in 4 standard heights – H 45, 56, 72, and 105 cm. Monterey is also available in special heights within the range 10–110 cm at an additional charge.

Monterey in height 10–76 cm are delivered with a support rail in height 4 cm, besides Monterey length 100 and 80 cm which are delivered without rail. See illustration. The support rail is lacquered in the same colour as Monterey.

Monterey height 77–110 cm is delivered with 10 cm rail in MDF. The number of MDF rails are shown in the illustration. Monterey can carry loads up to 100 kg.

MATERIALS & COLOURS

Monterey is made in 30 mm MDF. Available in all 40 Montana lacquer colours. Support rail in steel lacquered in the same colour as the table.

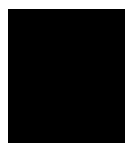

ENVIRONMENT

The Monterey table and bench series is EU Ecolabel certified.

MONTANA FREE

— freestanding shelving system

The Montana Free shelving system is a new form of furniture for a new way of living. Stand-alone shelf, easy to assemble, irresistibly moveable. Add the flexible textile panels for a touch of colours and alter the transparency of the shelving as desired.

Design by Jakob Wagner

SPECIFICATIONS

The Montana Free shelving system consists of 12 standard compositions that you can choose with an optional interposed shelf. The shelves are available in 3 lengths, which define the length of the unit: one compartment measures 73.4 cm, two compartments measure 138.4 cm, and three compartments measure 203.4 cm. All shelves come in D 38 cm. Optional, vertical textile panels allow you to play with colours and expressions, create personalised screens between rooms, and alter the transparency of the shelving as desired.

MATERIALS & COLOURS

The foot and the column are powder coated metal. The foot is height adjustable and has a soft plastic sole. The shelves are made of 16 mm lacquered MDF. The Montana Free shelving system comes in New White, Black, Fjord, Beetroot, Black Jade, Masala, and Iris-Masala mix. Montana Free shelves is available in lacquer or structure lacquer. Structure lacquer is lacquer with the addition of texture beads, small beads of PE plastic which make the surface scratch resistant.

Textile panels are moulded in plastic and upholstered with Remix 2 by Kvadrat. Available in 8 different colours. Use the panels to put your personal touch to your unit. The fabric panel is also available in a sound-absorbing version with an acoustic field from Kvadrat Soft Cell in the core.

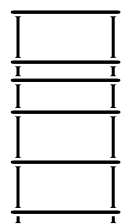

ENVIRONMENT

The series is certified with the Danish Indoor Climate label as well as the official EU Ecolabel.

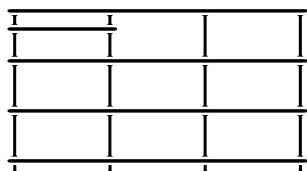

COMPONENTS

MONTANA LOCKERS

– smart, personal storage space

Montana Lockers are smart, personal storage solutions that can be adapted to any context where personal storage is a need. Colour options, numbering, various door models, and locking systems make it possible to tailor Montana lockers to different requirements.

Design by Peter J. Lassen

SPECIFICATIONS

The Montana Lockers are personal storage space solutions that allow a lot of storage in minimal space. Lockers come in 4 standard sizes in two depths, 38.8 and 47.6 cm, in two widths, 70.4 and 104.6 cm, and two heights, 138.8 and 184.4 cm.

Mount the lockers on the wall or a plinth and choose between different locking solutions and mechanisms. The suspension rail for the lockers is reinforced and is not possible to retrofit. Plinths are available in height 7 cm and are a specially reinforced version.

MATERIALS & COLOURS

Montana Lockers are made in 16 mm MDF, partitions in 12 mm MDF. Available in all 40 Montana lacquer colours.

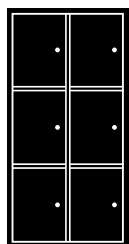

ENVIRONMENT

The series is certified with the Danish Indoor Climate label as well as the official EU Ecolabel.

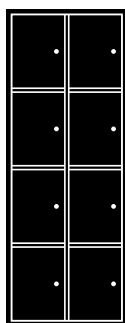

COMPONENTS

Royal Arena
— rent a locker

Royal Arena is an iconic building in Copenhagen dedicated to entertainment. It houses 16.000 guests. Montana provided locker modules with electronic locks servicing the many Concert-goers and sport spectators of the house.

MONTANA CO16

– shelving and storage system

The Montana CO16 comprises 11 sizes basic 16 mm mdf units in two depths. The basic units can be outfitted with doors, drawers, and shelves and can be placed on casters, legs, plinths, or as wall-mounted. These modules are perfect for space dividers, sideboards, and storage.

Design by Peter J. Lassen

SPECIFICATIONS

The Montana System CO16 comprises 11 basic units in 2 depths. If you want to design your own personal combinations, the basic units can be supplemented with various CO16 components. Choose from modules with doors, drawers, or shelves. The shelving units can also be adapted to your individual preferences and needs, using additional components.

Living Things storage and plant box for CO16 is available in one size and has one compartment. The plant box is made of water-resistant MDF. At an additional price a plastic insert for the plant box can be purchased, which protects the box and can collect spilled or excess water. Living Things is available on legs or can be stacked on other modules.

ENVIRONMENT

The series is certified with the Danish Indoor Climate label as well as the official EU Ecolabel.

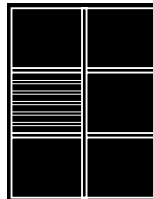

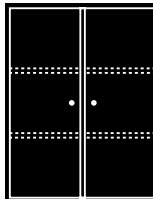

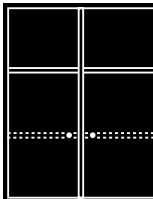

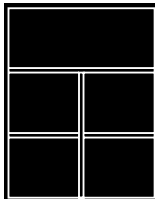

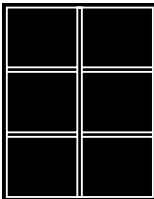

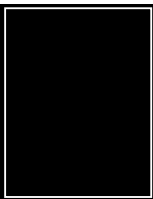

MATERIALS & COLOURS

CO16 is made in 16 mm MDF. Available in all 40 Montana lacquer colours.

COMPONENTS

- Doors with handles
- Drawers
- Shelves/partitions
- Magazine shelves
- Trays
- Plant boxes

POSITIONS

MONTANA SYSTEM

— endless possibilities

Montana makes it possible for you to arrange your room the way you want it. You are free to mix and match Montana's different sizes, components, and colours as you choose. The Montana System is made of 12-mm lacquered MDF in 36 basic sizes, 4 depths, 40 colours, and 2 veneers.

Design by Peter J. Lassen

SPECIFICATIONS

A wealth of components allow you to design your own personal Montana. Start with the basic units and build your shelving from scratch, or give your pre-defined shelving unit extra functionality with a matching component. With the Montana System you can build sideboards, lowboards, and benches. Room dividers, reception desks, shelving, and bookcases and much more. The Montana System is signified by the pilot holes that are placed with a distance of 5.7 cm between them on the inner side of modules. The small pilot holes are where you attach components such as shelves and trays, drawers ect. The internal measurements of the system corresponds to the German DIN-standard.

MATERIALS & COLOURS

Montana System is made in 12 mm MDF. Available in all 40 Montana lacquer colours and two veneers.

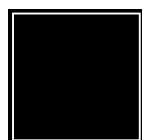

ENVIRONMENT

The series is certified with the Danish Indoor Climate label as well as the official EU Ecolabel.

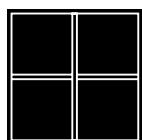

COMPONENTS

- Doors with handles
- Doors with push
- Glass doors
- Lacquered glass doors

CARGO

— storage and space divider

The Cargo unit is suited for creating a tranquil workspace at the individual workplace. The interior of Montana Cargo is versatile. The unit can be supplied with a lock when used for personal storage. Cargo is offered in all 40 Montana lacquer colours.

Design by Peter J. Lassen

SPECIFICATIONS

The Cargo unit is available in W 80 cm and 90 cm and H114 and 70.4 cm. The unit inside the garage has a width of 70.4 cm and is fully extendable, with soft-close extension, which combined with two casters mounted under the unit, ensures stability and makes the unit easy to move around. L/R indicates direction of extension left (L) and right (R). Right indicates that the module is placed on the user's right side, opening towards the user. Left indicates that the module is placed on the user's left side, opening towards the user. Top units are available for Cargo units. Top units come in widths 80 cm and 90 cm, in 2 heights: 24.8 cm and 36.2 cm.

MATERIALS & COLOURS

The Cargo Units are made in 16 mm MDF and comes in all of Montana's 40 water-based lacquer colours.

ENVIRONMENT

The series is certified with the Danish Indoor Climate label as well as the official EU Ecolabel.
