

DESCRIPTION

The Neva lounge collection designed by Regular Company is a refined study in the natural elegance of wood. Defined by flowing lines and organic curves, each piece showcases the warmth, grain, and tactile richness of solid wood - inviting a deeper connection to material and form. The collection comprises a lounge chair, two-seater sofa, and ottoman, each available with a low or high backrest. Designed for comfort and visual balance, Neva pairs sculpted wood frames with upholstered seating to suit both residential and commercial environments. Explore its versatility further with a choice of seven solid wood types and upholstery options in premium leathers or fabrics.

PRODUCTION PROCESS

The wooden parts of the ottoman are made of solid wood pieces of the same length but different widths, with precisely crafted joints produced on CNC machines. Each piece is chosen through careful matching of wood colors and structures. The upholstered seats are covered with HR foam and upholstery for superior comfort. The technical parameters of hand-assembled chairs comply with standard requirements. Final sanding is done manually with fine-grained sandpaper, and various types of finishes enable a wide selection of the chair's final appearance.

PRODUCT TYPE

Ottoman

USAGE

Indoor

DISMANTLING OPTION
