

PANTHELLA 250 TABLE LAMP

The fixture emits a glare-free, soft and comfortable illumination. The metal shade versions direct the light directly downwards and create a pleasant illumination due to the inner white painted shade and the reflection from the trumpet-shaped stem. The opal acrylic produces a diffused comfortable light due to the translucent shade, the downward reflection from the inner shade and the reflection from the trumpet-shaped stem.

Verner Panton

Verner Panton (1926-1998) is famous for his inspirational and colorful personality. A unique person with a special sense for color, shape, light function and space. Over the course of his career, Panton introduced a series of modern lamps with personalities unlike any of his Scandinavian contemporaries.
