*Audo Copenhagen introduces
the Passage Lounge Table in Walnut.*

Crafted from solid walnut with a lacquered finish, the Passage Lounge Table marries sophistication and functionality. The natural properties of solid walnut, including its durability and rich colour variations, make it an exquisite choice for elevating the ambience of any modern space.

The table's calming round shape draws inspiration from nature, providing a sense of tranquillity while traditional Danish cabinetmaking techniques imbue each piece with an artisanal touch. But what sets the Passage Lounge Table apart is its cleverly designed flatpack, self-assembly kit, inviting users to engage with the design process while underpinning our commitment to sustainability by reducing packaging and transportation costs without compromising on quality or style. Available in three sizes, the versatile design can be used as a standalone centrepiece or as part of a cluster, arranged in a nest-like formation.

The Passage Lounge Table in walnut launches online and at Audo Copenhagen retailers on 28. February 2024.

About the Designer

The Copenhagen-based design studio Krøyer-Sætter-Lassen creates furniture and interior objects for clients across the world. Founded in 2016 by Mads Sætter-Lassen and Emil Krøyer, their honest approach to design results in logical, functional and sculptural objects that showcase their strong cultural understanding and Danish design heritage to bridge the gap between art and design. Krøyer and Sætter-Lassen's honest focus is revealed through their consideration of material properties and tectonic details.
