

REFLECT SIDEBOARD

SØREN ROSE ON THE DESIGN “Reflect owes its stunning and unique looks to the phenomenon under which it was envisioned: The natural light of Scandinavia. The four corners on each front have a unique thickness and curve that contributes to the light reflections of the drawers.”

DESIGNED BY / YEAR OF DESIGN
Søren Rose Studio / 2011 & 2013

ABOUT THE DESIGNER

Søren Rose started Søren Rose Studio in 2008. As an important part of the Danish design scene, he is a permanent jury member in the annual Danish Design Award. Søren Rose’s designs are characterized by strong personality and attention to detail and quality. Søren Rose has offices in Copenhagen and New York.

CLEANING AND CARE

Upon receiving your table, we recommend that table top and bottom is treated with a special oak wood oil, improving its resistance to stains and fluids. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications*. For products in Smoked Oak, we recommend using a smoked tabletop oil, suitable for food applications*.

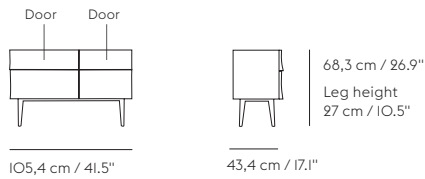

CATEGORY
Sideboard

Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the table top. Metal objects can leave a mark if left on the table for a longer period of time.

ENVIRONMENT
Indoor

COUNTRY OF PRODUCTION
Slovenia

PREASSEMBLED
Yes

Any spill should immediately be removed to avoid discoloring. Clean the table top often and carefully with a soft and dry cloth following the wood’s grain patterns.

*Please contact customer@muuto.com for recommendations on specific oak wood oils available in your region.

DESCRIPTION

The design and craftsmanship underlines the warm and natural feeling of the oak wood, as well as giving a salute to the masters of classic Scandinavian furniture making. The design features drawers and shelves as well as a cable outlet.

TESTS & CERTIFICATIONS

EN 16121:2013 - LI: General use
Non-domestic storage furniture – Requirements for safety, strength, durability and stability.

EN 16122:2012 - LI: General use
Domestic and non-domestic storage furniture – Test method for the determination of strength, durability and stability.

PRODUCTION PROCESS

Board with oak veneer on top gets cut out and glued together. The fronts are CNC cut with oak veneer on top. Finally, the wood gets treated with oil.

MATERIAL

Board with veneer in oak. Solid oak legs
