

Spine Wood Barstool

Designed By Space Copenhagen, 2011

Spine is a series of chairs and barstools designed with a great attention to materiality, and a mixture of both classic and unorthodox design details. With a dynamic look, the series evolves around a straight seat, designed to bridge the comfort of a fine dining chair, with the openness and social invitation offered by a traditional barstool.

MODEL
1731 - Front upholstered

MATERIALS
Barstool with legs of solid wood with powder coated aluminum stretcher. Seat shell of plywood. Front side of seat shell is upholstered with HR or CMHR foam and covered in fabric or leather, finished with piping. Please specify counter- or bar height.
