Product Fact Sheet

# Staffa Planter - H27

Sculptural yet understated, the Staffa Planter Series draws inspiration from geometric rock formations and architectural faceting. Made from glassfiber reinforced concrete, each planter is highly durable and features drainage holes at the bottom, making it suitable for both indoor and outdoor use. The angular surface lends a softly irregular texture that feels both natural and deliberately crafted.

# Staffa Stool

Inspired by the unique volcanic rock formations found on the ancient island of Staffa in Scotland, the Staffa collection features a series of bold furniture pieces. Paying homage to their namesake, which means pillar in old Norse, every piece is crafted entirely from glass fibre reinforced concrete, using an innovative casting process that provides each item with a rough, uneven shape reminiscent of blocks of carved stone.
