

ANSI/BIFMA G1-2013 Height Standard

UPLIFT V2-Commercial
Height Range

Measurements represent desk with 1" desktop

What does ANSI/BIFMA G1-2013 Height Standard mean?

Our UPLIFT V2 Commercial Standing Desk is designed to fit a wide range of users, and meet the ANSI/BIFMA G1-2013 height requirement standard (when used with a 1" thick desktop). This makes our desk suitable for most users, accommodating a seated 5th percentile (5'0") to a standing 95th percentile (6'3").
