

Yonoh designs this collection of upholstered armchairs and poufs, with simple and original lines that describe the horizon of the mountain, hence its name, Alpe. Individual pieces completely upholstered with a set of rounded rubbers of different heights that harmonize with each other to create comfortable armchairs and poufs that fit into any space individually or as a whole. It stands on four lightweight round legs painted in epoxy in a wide range of colours.

SEAT AND BACK

Bottom base made of agglomerated particle board and PU foam upholstered with perimeter curves characteristic of the collection, on which stand the different pieces of upholstered seat, back and lumbar that make up each model in the collection. Seat structure made with solid wood frame with suspension through linked elastic straps and exible PU foam of different densities and thicknesses that rest on a lower base.

W Anchura / Width; H Altura / Height; D Profundidad / Depth; S Altura hasta asiento / Height up to seat.

Upholstered backrest available in two heights, manufactured on an interior wooden frame with rounded anduffy shapes using PU foam in different wrapping layers, and which rests perpendicularly on a lower support base. And a soft lumbar piece with the same rounded shapes as the backrest that rests on an upholstered lower base.

All the pieces are upholstered with seams and perimeter cords, and joined together to present a single piece, depending on the model, which forms the comfortable body, soft and upholstered in shapes that inspire the horizon of a mountainous system.

Optional polypropylene hardware for joining armchairs together.

METALLIC LEGS

All the models in the ALPE collection have four metal legs made of round steel tube, tapered at the ends and with black polypropylene sliding stoppers supporting the floor. The legs are anchored to the upholstered lower base of the seat, which has metal nuts embedded by means of M6 thread screws. The metal legs are finished in epoxy paint in White (B) or Black (N) textured in its standard version; or in other COLOURS in the Mobboli metal samples, allowing greater customization of the product.

METALLIC ARMS

In the models of medium and low back seats that incorporate them, manufactured in steel plate painted in white or black epoxy, as standard; or in other COLOURS of the sample book. It has armrests made of ash wood, matt varnish, available in two shades of light oak or dark oak.
