KALI not only impresses with its charming beauty, but also with its unique seating comfort. Choose from two inviting lounge chairs, a daybed as a floating or standing version and a large selection of side tables to transform your garden, terrace or balcony into a stylish and modern backdrop for relaxing hours.

The striking feature of our KALI collection is the spherical and curved silhouette, which stands out due to the unique connection of two weaving fibers. The innovative 360° rotation mechanism of the lounge chair allows you and your guests a high level of flexibility and freedom of movement in the smallest of spaces.

This collection offers you the ideal option and setup to add style and comfort to even smaller outdoor spaces.
