

# Wrap Bench

SKU: RIMO20-402-Wrap Bench

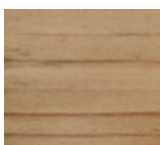

## WRAP

Bench in solid scented cedar wood, carved from a single block. The design stands out for its sinuous, enveloping shape, inspired by a rolled-up sheet of paper, which creates a contrast between the solidity of the solid wood and the visual perception of lightness and softness. A slightly off-centre nautical rope detail emphasises this effect, giving the idea of holding the volume in an enveloped position.
