Application

Dinex® offers a complete line of disposable dishware suitable for any meal distribution system. Disposables save time and increase labor efficiency by allowing pre-assembly of desserts and side dishes. Regular disposable dishware not intended for use in microwave or conventional ovens, hot/cold carts. Can withstand temperatures up to 200°F.

Material

All Dinex® disposable dishware is made of FDA approved polystyrene or compatible materials and comes packed in sanitary nested stacks, wrapped in individual sleeves. The textured finish enables easy unstacking and separation. Ideal for use with insulated tray systems, retherm systems (High Heat dishware), or conventional tray top.
