Ships within 1 Business Day

Product Description

48"W Louver Panel Rack

48"W Louver Panel Rack organizes and stores small parts at workstations and in lean environments. Entire unit is made of welded steel for long lasting durability. Molded louvers on both sides of panel securely support plastic bins for organized small parts storage (bins not included). Louvered panel adjusts up or down along punched posts for maximum versatility. Panel rack rolls into position on four swivel locking casters. Side push handle eases maneuverability around the work area. Measures 48" wide. The pegboard measures

36"W x 19"H. Panel rack color is blue.
